WAS ALMOST READY TO SEVER ALL DIPLOMATIC RELATIONS WITH BERLIN

Delayed Action Only to Furnish Evidence on the Arabic to Germany.

NOT SUNK BY MISTAKE

Unless Act Itself is Disavowed, Arbitration Cannot be Considered.

Both Sides Now More Hopeful of Friendly Adjustment.

Washington, September 14. — Favorable adjustment of the submarine controversy with Germany depends entirely on Berlin's acceptance of recommendations cabled today by Ambassador Bernstorff as a result of his conference yesterday with Secretary Lansing.

Details of the conference became known today, throwing light on the critical stage the negotiations had reached. The Washington government was almost ready to sever diplomatic relations, but decided to delay taking any step until Germany could be furnished the evidence in its possession bearing upon the Arabic case.

Bernstorff Communicating

Friendliness and candor are understood to have characterized the conversation between Mr. Lansing and the ambassador. The latter now has been given an opportunity to communicate freely with his government so it may be clearly understood in Berlin why omcials here are convinced the torpedoing of the Arabic could not have been a mistake, justified or unjustified.

In view of the evidence, the United States wants a disavowal of the act. That was made clear to Count Bernstorff. Arbitration can not be an issue for consideration until the attitude of the German government toward the act itself is placed on record. Later the American government may consider a proposal to arbitrate, not the principle, but what indemnity should be paid for lives lost.

Tension was lessened today and there was much more hope in both State Department and German quarters of a friendly adjustment. Much emphasis was placed on the fact that for the first time since relations became strained informal discussions are proceeding at both Washington and Berlin, giving the first opportunity to an exchange of views confidentially and informally.

Brought to a Crisis

The note from Berlin which brought the situation to a crisis asserted that the submarine torpedoed the Arabic because her commander thought the liner was about to attack him, refused to admit liability for indemnity for American lives lost even if the commander was mistaken in his belief and offered to submit the matter to arbitration.

The evidence which has been submitted to Berlin by the United States is regarded here as proving conclusively that until she submerged to launch the torpedo against the Arabic, the German submarine was concealed behind the sinking British steamer Dunsley and could not have been seen by the captain of the Arabic.

Furthermore, it is shown that the Arabic was struck in such a way that the submarine must have been at right angles from her when the torpedo was fired, instead of in a position to make ramming by the liner a possibility.

Now Up to Berlin

Ambassador Bernstorff is understood to have scrutinized this evidence carefully and to have made certain suggestions to his foreign office. It probably will be ten days before a reply can be received. If Berlin disavows the submarine commander's act, officials here feel that questions of indemnity then can be left to arbitration.

Should Germany fail to satisfy the demand for disavowal, indications tonight were that Washington would sever diplomatic relations.

Associated Press dispatches from Berlin announcing that Ambassador Gerard had been handed a note disclaiming responsibility for the sinking of the Hesperian and expressing belief that the ship struck a mine, attracted comparatively little interest here. As the Hesperian was struck forward when well beyond the zone in

(Continued on Page Eight.)

HESPERIAN NOTE IS IN GERARD'S HANDS

WASHINGTON, D. C. Library of Congress

Germany Makes Qualified Disclaimer of Responsibility.

NO SUBMARINE THERE

Communication Delivered to Gerard at Berlin Is Preliminary Note Which May Be Suplemented When Information Is Complete.

Berlin, Sept. 14, via London.—Germany delivered a note to Ambassador Gerard today making a qualified disclaimer of responsibility for the sinking of the Hesperian. On the face of the evidence thus far at hand, the government is satisfied the Hesperian was not sunk by a German submarine.

The communication is a preliminary note which may be supplemented when all the facts are established definitely. Germany states that, on the basis of the information thus far obtained, the theory that the Hesperian was sunk by a German submarine apparently may be abandoned absolutely.

The report does not profess to be final.

The German position, as semi-officially stated, follows:

"As we are informed from a competent source, the news already received, taken in connection with the facts officially known, seems to exclude almost absolutely the possibility that a German submarine could under any circumstances have been concerned in sinking the British passenger steamer Hesperian.

"Firstly, according to the pre-arranged distribution, no German submarine should have been, on September 4, in that part of the ocean in which the Hesperian sank.

"Furthermore, the explosion, according to descriptions received from British sources, was of such a nature as to indicate from its effects that it was rather that of a mine than of a torpedo.

"The circumstances that, according to these descriptions, the vessel was struck near the bow and that the bow compartments filled with water, goes to confirm this assumption."

The note contains, in addition to the statements thus made semi-officially, a paragraph to the effect that all the submarines that were at sea on September 4 have not yet returned, but that there is no reason to expect the reports they will supply will change the situation.

The note is a simple recital of the facts as the German government sees them without any expression of sentiment or comment on the German submarine policy.

Remove One Factor of Tension.

It is believed here the Hesperian note will go far towards removing one factor of tension in the German-American negotiations. While in this note Germany indicates two reasons for its faith that the Hesperian was not torpedoed, other reasons even stronger exist, to which it is difficult to refer, owing to the limitations imposed by the censorship. Attention is given to the doubtfulness of similar incidents occurring again.

German political leaders express themselves as confident that the possibility for future error or accident with respect to the sinking of liners without warning has been minimized. They hope the Arabic case may be settled on the basis of Germany's offer to refer

REPEAT WARNINGS TO AMERICANS IN MEXICO

Government Wants Them to Withdraw from Danger.

Pan-American Conferees to Meet Saturday Instead of Today on Account of Illness of Latin American Representatives.

Washington, Sept. 14.—The next meeting of the Pan-American conference on the Mexican situation will be held in New York Saturday. Secretary Lansing announced today that plans to hold the conference here Wednesday had been changed on account of the illness of one of the Latin American conferees.

The replies of the Villa leaders and the note from Carranza will be considered at the meeting and a definite announcement of policy is expected.

The standing instructions to American consular agents to have Americans withdraw from danger zones in Mexico have been repeated on account of lawlessness in Northern Mexico, many cases of kidnaping and the fact that the onward march of Carranza forces may make the North more of a battle ground than it has been.

Officials denied that the warning anticipated possible results of new po-

FRENCH GOVERNMENT SPENDS OVER $13,000,000 A DAY

Paris, Sept. 14.—During the last quarter of 1915 the expenditures of the French government probably will exceed $13,000,000 a day.

Minister of Finance Ribot will introduce in parliament Thursday a bill for appropriation of $6,-100,000,000 francs ($1,220,000,000 slightly more than 2,000,000,000 francs a month. When this bill is adopted the total of appropriations since August 1, 1914, will be 28,194,000,000 francs ($5,638,-000).

TEUTONIC DRIVE GOES UNCHECKED

Von Hindenburg Takes 5,000 Prisoners in 24 Hours.

IN 30 MILES OF DVINSK

Riga, for Time Being, Left Unthreatened—Germans Claim Progress in Mid-Poland—Russians on Offensive in Galicia.

London, Sept. 14. — The German drive toward Dvinsk goes forward unchecked, according to Berlin, and Von Hindenburg has taken five thousand prisoners in the encounters of the last 24 hours, and forged ahead to within about thirty miles of the Dvinsk fortress.

Riga, for the time being, is left unthreatened by direct attack, but should Von Hindenburg succeed in getting effectively astride the Petrograd railway further south, it would expose the Baltic port to a serious enveloping movement.

All the Mid-Poland fighting, the Germans claim, is progressing in their favor, but the Russians still are on the offensive in Galicia, pressing the Austrians with a rigor that recalls their dash through Galicia last winter.

Artillery Duel in West.

The artillery duel in the West has not abated. Both sides are making prodigious expenditure of shells, leaving the public to guess when, if at all, any general infantry attack is coming.

After six weeks' recess, the British Parliament reassembled today. The first session developed nothing notable except the premier's flat refusal to discuss conscription proposals.

The prime minister will move tomorrow a vote of credit variously estimated at from $750,000,000 to $1,250,000,000.

RUSSIANS CLAIM SUCCESSES.

Official Statement Claims Capture of Many Prisoners.

Petrograd, via London, September 15. —Russian successes at several points with the capture of large numbers of prisoners, are claimed in today's official statement.

"Near Swistj, in the region of Derajno," says the statement, "we have successfully crossed the Goryn river and made progress fighting, capturing an entire Austrian battalion. Near the village of Oaszwa, we took over 1,300 prisoners.

"In the region west of Wysznewec, we repulsed the enemy from Rybomel and the adjacent neighborhood. The enemy hurriedly retreating here, sustained great losses. Up to the present the number of prisoners counted is 20 officers and 2,000 men.

"In the region of the villages of Gontow and Dykowec, southwest of Wysnewec, we captured about 140 officers and 7,300 men, one heavy and six light guns, four caissons, 26 machine guns and much booty.

"In Galicia we are pursuing the retreating enemy in a westerly direction

(Continued On Page Eight.)

RELIEF FROM THE HEAT WAVE IS NOW PROMISED

Cooler in States South of Virginia Probably Today.

In Middle Atlantic and Northern States No Relief is Promised Within 48 Hours—Weather Severe in Pennsylvania

Washington, Sept. 14.—Relief from the heat wave was promised by the Weather Bureau tonight for those states south of Virginia, where the local thunder showers and rain will begin probably tomorrow.

In the Middle Atlantic states and north the forecaster said the heat would continue unbroken for another forty-eight hours.

Too Hot for School

Pittsburg, Sept. 14.—Seventy thousand children were dismissed from the Pittsburgh public schools today because of the heat and Superintendent Davidson ordered that no more sessions be held until the heat wave has passed. The governent thermometer reached 91 degrees today.

In Philadelphia 90 Degrees

Philadelphia, Sept. 14.—The official thermometer here registered 90 degrees today. Three deaths and a number of prostrations were reported.

Chicago's Hottest Day.

Chicago, September 14. — This was the hottest day of the year in Chicago, the temperature reaching 90 degrees. Several public bathing beaches that should be closed for the season were ordered re-opened.

RUTHERFORD COUNTY FARMER KILLED; WOMAN HELD IN JAIL.

Two Men, Relatives of Woman, Indicted But Missing.

Charlotte, N. C., Sept. 14.—In connection with the death of Dave Wilson, a prominent Rutherford county farmer, who was shot to death at his home late yesterday, Mrs. Hensley, of the Forest City section, was today committed to jail without bail. Indictments were also recommended by a coroner's jury against a son of hers and Ralph Brown, a son-in-law, who are missing.

NO IMPORTS FROM GERMANY IN SIGHT

Great Britain's Promised Arrangement Not Materializing

IMPORTERS IMPATIENT

American Owned Goods of German or Austrian Origin in Neutral Ports Likely to Remain There Indefinitely it Seems Now.

Washington, Sept. 14. — Great Britain's promised arrangement to permit shipment from neutral ports of American owned goods of German or Austrian origin is being held up and it was learned tonight that there is no assurance that its effectiveness will not be indefinitely delayed. The explanation in British quarters is that approval by France is awaited, joint action by the Allies being necessary.

Meantime, the State Department is being flooded with applications from importers desiring to secure permits for the movement of goods held at Rotterdam. The department invited such requests after it had been informed on September 9 that the British embassy here would receive and handle applications for relaxation of the orders in council in cases of goods actually contracted for by Americans before the effective date of the orders.

Trade Adviser Fleming tonight made public details cabled by Ambassador Page of the arrangements under which the Allies propose to allow exportation of Belgian goods. Applications for permits to ship such goods will be presented through the State Department's trade advisers to the British embassy, and shipments will be authorized by British consular officers at neutral ports provided their is furnished:

(1) A declaration from a Belgian local authority that the goods in question are of Belgian origin or manufacture.

(2) A written guarantee from a bank in Great Britain that the purchase money for the goods has been deposited with them and will not be withdrawn without the special authorization of the British government during the continuance of the occupation of Belgium by Germany, or alternately clear evidence that the purchase money was remitted to Belgium before July 3rd, 1915.

PROCEEDINGS FOR RECOVERY OF $6,000,000 FROM DIRECTORS

Judge Carpenter Orders Action in Matter of Rock Island Railroad

Chicago, Sept. 14.—Federal Judge George A. Carpenter today ordered the receivers of the Chicago, Rock Island and Pacific railroad to start action against present and former directors of the company for the recovery of $6,-000,000. Under the court order the proceedings are to be instituted in the Federal court of the Southern district of New York.

The suits are to be based on transactions arising from the acquisition and subsequent divorcing of the 'Frisco lines.

It was said that Judge Carpenter determined upon the course taken on the strength of an opinion drawn by William Howard Taft.

YOUNG WOMAN LEAPS FROM EIGHT STORY LOFT BUILDING

Daughter of St. Louis Financier a Suicide in New York City

New York, Sept. 14.—Miss Elizabeth Fenley, daughter of Oscar Fenley, president of the Kentucky National Bank of Louisville, and director of the St. Louis Federal Reserve Bank, committed suicide here tonight by leaping from the roof of an eight story loft building. She came here several weeks ago for treatment for a nervous disorder and had been in an untown hotel with a trained nurse as her companion.

How she wandered to the loft building in another section of the city has not been ascertained. She had been suffering from the intense heat of the past week, it was said.

War News at a Glance

While the heavy artillery is doing most of the work in Belgium and France and along the Austro-Italian and Austro-Serbian fronts, the Germans and Austrians are engaged in heavy battles with the Russians in most of the sectors of the eastern zone.

Another aerial attack has been made by the Germans on the east coast of England, but it was without results, according to London.

Along the line in Russia Berlin claims further progress north of Vilna, in the region of Ilita and northeast of Grodno.

That the Hesperian was not sunk by a German submarine, and that indications are that she struck a mine, is Germany's contention in a note handed to the American ambassador in Berlin. The note, it is semi-officially asserted, says no German submarine could have been in the vicinity.

The British parliament again is in session. During the sitting a new credit of at least $750,000,000 will be asked.

Parliament also may be called upon to discuss the question of conscription, Premier Asquith admitted in the House of Commons that the cabinet was seriously debating the subject and declared that when the government had reached a conclusion it would be presented to parliament for discussion.

From the beginning of the war to August 21 the British losses in killed, wounded and missing totalled 381,983, not including the naval forces.

PROHIBITION WINS IN SOUTH CAROLIAA

Present Local Option System is Decisively Defeated

LIGHT VOTE WAR CAST

State-Wide Prohibition Is Voted by Majority of More Than Two to One, According to Incomplete Returns—Manning Graceful

Columbia, S. C. Sept. 14.—South Carolina today adopted state-wide prohibition to take effect January 1 next in place of the present local option system, according to unofficial returns here late tonight from throughout the state.

The vote, with almost complete returns from a majority of the 44 counties, stood 33,104 for prohibition to 14,-157 against.

It was declared by those who have followed the referendum election that the total vote would not exceed 60,000.

Governor Manning, who was elected on a local option platform, whereby the individual counties may operate liquor dispensaries, issued a statement tonight after reading the returns, in which he said that, "the people having spoken", he would do his utmost to enforce the law.

Of the 30 counties which were dry under the local option system, all were declared to have voted for prohibition.

Only one of the dispensary counties was known tonight to have cast the majority of its votes for prohibition.

TO DRAFT RURAL CREDITS TO PRESENT TO NEXT CON

Three National Farmers' Organizations to Hold Conference.

Peoria, Ills., September 14. — Wilson, master of the National G tonight announced a conference legislative committees and offic three national farmers' organiz to draft a rural credits bill for pr ation to the next Congress. The c ence will be held in Washington, ber 5. The organizations to be sented are the National Farmers' the American Society of Equity the National Grange.

"Although this is the first join ference ever held between these r al farmers' bodies, it is in no s federation," said Mr. Wilson.

"It is distinctly a conference, and at its close three organizations will act by themselves, as before.

"Our object is to secure some sort of rural credits legislation that will benefit the grower instead of the lender, as in former legislative bills."

Paris, Sept. 14.—A German submarine has been torpedoed and sunk by a French torpedo boat between Mytelene and Tenedos, says an Athens dispatch to the Journal.

CONSCRIPTION BEING DEBATED BY CABINET

Fact Officially Admitted in the British Parliament.

Premier Asquith Says the Government Has Been Deliberating on Grave Subject — Addresses the House of Commons.

London, September 14. — Official admission that the cabinet seriously is debating the subject of conscription, was made public for the first time in the House of Commons today. The subject was raised when the motion for adjournment was made.

"This is not a matter which has escaped the attention of the government," said Premier Asquith.

"When the government, without undue delay, and with the due deliberation which the gravity of the subject demands, have arrived at their conclusions, they will be presented to the House, and will then become the subject of parliamentary discussion."

The premier expressed regret that the question of conscription had become a matter of public controversy. He hoped there would be no further debate on it for the present. He figuratively rapped the knuckles of officer-members of the House who recently returned from the front and signed a memorial urging conscription. "They ought to feel themselves under the most strict sense of responsibility," he said.

"Let them remember," said the premier, "that they sit in the Commons not as representatives of the army, but of their constituents. It would be most unjust that because they happen to be in the army they should pretend to come to the House with any mandate from the army. That would be an evil thing for the army and a bad thing for the Commons. It is a claim I would never admit."

The vote of credit which the premier will move tomorrow will, it is understood, be at least 150,000,000 pounds sterling ($750,000,000). In the House of Lords, Field Marshal Kitchener will review the progress of the war, and explain the present state of recruiting.

DUMBA REQUESTS LEAVE OF ABSENCE

Wants to Go Home to Make "Personal Report"

OF WORK IN AMERICA

Austrian Ambassador Makes Public Message He Has Sent to His Foreign Minister—Don't Know When He Will Go.

Lenox, Mass., Sept. 14.—The Austro-Hungarian ambassador, Dr. Constantin T. Dumba, today announced he had requested his foreign office to recall him on leave of absence, in order that he might make a personal report on the situation in the United States which resulted in a request by the United States government for his recall.

In authorizing the Associated Press to make this announcement Dr. Dumba expressed indignation that the text of his message in Vienna requesting the leave already had become public without his consent or knowledge.

In view of the situation, he said he probably would make public the statement of his position which he had in mind to give to the American press.

Dr. Dumba announced that he could not tell exactly when he would leave this country, but preparations for steamship accommodations were now being made through New York agents.

"I may say," said Dr. Dumba, "that I have sent this mesage to our minister for foreign affairs:

beg your excellency to recall me eave of absence for personal re-

his was a purely official message now, for the first time, I authorize ublication. It was sent from the ssy by the only means which I to communicate with my governs, and to my astonishment it has ne public, though not through the ciated Press, to whom I had plano give a formal statement when I prepared to do so. In view of the tion now, I think that I will have ng whatever to say regarding my ion to the American press. I will, ver, probably have something to o the public through the Austrian , after I have returned home."

NO PROCEEDINGS YET

Policy Is Adopted as to Violation of Neutrality

shington, Sept. 14.—It became n on high authority tonight that epartment of Justice will not beroceedings against any agents of erent governments alleged to been involved in strike plans and objectionable activities, until the State Department has determined what shall be the attitude of the government toward such acts apparently in violation of neutrality.

Officials have been investigating scores of reports of alleged unneutral acts by foreign agents and officers, but with the exception of prosecutions for passport frauds and in connection with enlistments for the armies of belligerents, no action has been taken. The administration has been inclined to look with disfavor on publication of information on the subject.

The first intimation that a more aggressive policy might be adopted resulted from revelations in connection with the activities of Dr. Dumba, the Austro-Hungarian ambassador, and the knowledge that an American, James F. J. Archibald, had been used as a messenger to the Vienna foreign office.

United States District Attorney Marshall, of New York, came to Washington today and conferred with Assistant Attorney General Warren about some of the facts developed before Federal grand juries there in passport fraud cases. Attorney General Gregory, away on vacation, is expected to return tomorrow, and Mr. Marshall probably will confer with him.

Pending the determination of policy, it was, said on authority today that no orders would be sent to district at-

(Continued On Page Eight)

AUGUST CONSUMPTION OF COTTON INCREASED

464,486 Bales This Year Against 383,680 in 1914.

Cotton on Hand in Consuming Establishments, in Public Warehouses and Compresses Doubt That Last Year

Washington, Sept. 14.—Cotton used during August was 464,486 bales, exclusive of linters, compared with 383,-680 bales in August last year, the Census Bureau announced today.

Cotton on hand August 31 in consuming establishments was 1,166,190 bales, against 675,873 a year ago, and in public storage and at compresses, 1,676,231 bales against 546,924 a year ago.

Exports were 162,721 bales, against 21,210 a year ago.

Imports were 18,990 bales, against 27,087 a year ago.

Cotton spindles active numbered 31,-064,519 against 30,347,970 a year ago.

Linters used were 55,899 bales against 25,280 a year ago; on hand August 31 in consuming establishments 164,003 bales, against 75,346 a year ago and in public storage and at compresses 70,851 bales, against 29,673 a year ago. Linters exported were 11,482 bales.

PRO-GERMAN BANKS MAY BE INVITED TO TAKE PART IN LOAN

New York Financiers of Teutonic Sympathies Glad to Help, it is Believed.

FEEL AS IF SLIGHTED

Those of Middle West Expected Bitterly to Oppose the Movement by All Means.

New York, Sept. 14.—The pro-German element in New York's financial world probably will be invited to participate if they desire in the billion dollar credit loan which Great Britain and France hope to establish in this country.

The monied faction of this element, Wall Street believes, would be glad to help; another faction, composed largely of Middle Western bankers with pro-German sympathies, is expected to bitterly oppose the plan, even though the money will all be spent in the United States. Thus far the Anglo-French commission sent to arrange the credit has met only such bankers as are pro-Ally in their sympathies and connections.

Some of the country's largest financial institutions, including Kuhn, Loeb & Company, second in New York only to J. P. Morgan & Company, have not been consulted. Apparently, it had been taken for granted it would be useless to ask financiers with German sympathies to contribute. Such a policy, however, was disavowed late today by Basil B. Blackett, secretary of the commission.

Kuhn, Loeb & Co.

Mr. Blackett said he did not know who had arranged that none of the members of these firms should meet the commission, and overtures looking to the participation of Kuhn, Loeb & Co. in the loan were said to be in the making. James J. Hill, after a conference this afternoon with J. P. Morgan, on the situation went to the office of Kuhn, Loeb & Company and had a 20-minute talk with his old time friend, Jacob H. Schiff, a member of the firm. Neither would state the subject of the discussion, but from another source it was reported that Kuhn, Loeb & Company would not look unkindly upon an invitation to join in the loan plan. Some bankers doubted this report and it was impossible to verify it.

A financier regarded as a leader among the half dozen or so really big pro-German banking houses in New York voiced this opinion.

"There is no doubt in my mind that many banking houses with Teutonic affiliations might be induced to take part in this undertaking if asked, not because it will be helpful to the Allies but because it is essential to the maintenance of the commerce and industries of the United States."

Pro-German Bankers Feel It.

Some pro-German bankers here feel keenly the failure of their firms to receive invitations to meet the commission. They point out that they are primarily Americans, notwithstanding their German sympathies, and that their interests and the welfare of the United States are identical.

"Our sympathies and our hopes are with Germany in her struggle," a spokesman for this group said, "but our pocketbooks speak loudly for the United States."

In the gossip of Wall Street, however, pro-German bankers of Chicago, Cincinnati, St. Louis, Milwaukee and other Middle Western cities would take quite a different attitude. It was said they not only would resent the suggestion that they participate but would take active steps to combat the tendency of other banks to lend the money. No one would permit his name to be linked with this report, but Wall Street heard that the German sympathizers of the Middle West even were contemplating, as a counter-movement, the flotation of a half billion dollar loan here for Germany, thus withdrawing that much from the money markets of America and making it unavailable for the Allies.

To tie up this great amount of money and pay interest on it, keeping it idle would cost, in interest, $25,000,-000 a year, but the pro-German bankers of the Middle West are said to feel it would be worth the price.

Another rumor was that the more partisan workers were prepared to advocate that pro-German depositors show their displeasure with any banks participating in the proposed credit loan to France and Great Britain by seeking other depositaries for their funds.

Grave Mistake Made?

Some pro-German bankers here believe the commission made a grave mistake in placing its requirements so high

(Continued On Page Eight.)

BRITISH CASUALTIES TO AUGUST 21ST, 381,983

London, Sept. 14.—Official announcement was made today in the House of Commons that British casualties up to August 21 totalled 381,983 officers and men killed, wounded or missing.

Detailed figures of the casualties follow:

Killed, officers 4,965; other ranks 70,992.

Wounded, officers 9,973; other ranks 241,086.

Missing, officers 1,501; other ranks 53,466.

These figures refer to the army alone.

St. Louis	57	78	.422
Cleveland	50	85	.371
Philadelphia	38	95	.286

Boston, Sept. 14.—The Boston Red Sox won their fourth straight game from Chicago today, 2 to 1. Errors decided the game, which was a tight pitching duel.

Ruth allowed only two hits. One, a double by John Collins in the third, followed Gardner's error which had given Murphy his base and scored Chicago's run.

It was John Collins' errors that won for Boston. With two out in the seventh, he allowed Blackbourne's throw to pass him, Wagner going to second which should have been an easy one. Another toss from Benz to Hendricksen, a pinch hitter, Collins again fumbled and Janvrin, running for Wagner, raced home with the tieing run. Ruth then doubled to left, sending Wood, another substitute runner, in, with the winning tally.

Chicago . . . . . 001 000 000—1 2 2
Boston . . . . . 000 000 20*—2 3 2
Benz, Russell and Schalk; Ruth and Thomas, Carrigan.

New York, Sept. 14.—New York lost its seventh straight game today, Detroit winning 3 to 2. A fumble by Bush let in both of New York's runs and kept New York in front until the eighth inning when Cobb drove in Detroit's tying and winning run with a single.

Detroit . . . . . 010 000 020—3 8 1
New York . . . . 002 000 000—2 4 3
Lowfiermilk, Oldham and Stanage; Mogridge and Alexander.

Washington, Sept. 14.—Dumont, a recruit from Fargo, N. D., celebrated his debut with Washington today by holding Cleveland to two hits and no runs, while the home team was scoring three times. Washington has won three straight from Cleveland, and 14 of the last 16 games played.

Cleveland . . . . 000 000 000—0 2 0
Washington . . . 000 0001 2*—3 8 0
Carter and O'Neill; Dumont and Henry.

Phaildelphia, Sept. 14.—St. Louis made a clean sweep of the series of four games with Philadelphia, winning today, 12 to 4. Three pitchers failed to stop the visiting batsmen while Parks and Koob did good work for St. Louis. Sisler made two safe hits making ten for the series.

St. Louis . . . . . 120 400 032—12 13 3
Philadelphia . . 000 011 110— 4 5 5

Syracuse, N. Y., Sept. 14.—Straight heat victories ruled at the grand circuit meeting this afternoon, not a race going beyond the regular limit. Single G. scored an easy triumph in the Onondaga 2:07 pace, over four other starters. Carpenter drove Almah to victory in the 2:19 trot against eleven other starters.

Kansas City	69	64	.519
Buffalo	69	69	.500
Brooklyn	67	70	.489
Baltimore	43	89	.325

St. Louis, Sept. 14.—On 21 hits, five of them doubles or triples, Newark was able to score only seven runs today and barely won from St. Louis, which had made six runs on ten hits, including one double and one triple. The locals played errorless ball, while the visitors were slow and uncertain of their feet.

Newark . . . . . 030 112 000—7 12 2
St. Louis . . . . . 022 000 200—6 10 0
Seaton, Moran, Kaiserling and Rariden; Plank, Crandall, Davenport and Cartley.

Chicago, Sept. 14.—Chicago took today's game from Baltimore, 8 to 7. Two home runs, a triple and two doubles were included in the ten hits off Suggs. The 12 hits counted against Brown were all singles and were well scattered. Hendrix replaced Brown and Johnson succeeded Suggs at the end of the seventh inning and the subpitcher finished the game where they found it.

Baltimore . . . . . 200 010 300—7 12 1
Chicago . . . . . 200 040 20*—8 10 2
Suggs, Johnson and Russell, Owens; Brown, Hendrix and Wilson.

STANDING OF THE CLUBS.

Philadelphia	76	56	.576
Boston	72	62	.537
Brooklyn	73	63	.536
St. Louis	67	72	.482
Chicago	62	69	.473
Cincinnati	65	70	.481
Pittsburgh	64	74	.463
New York	60	73	.452

Chicago, Sept. 14.—Rudolph held Chicago safe today and in the fourth inning hit a home run, with two men on base. The score: Boston 7, Chicago 1. With two out in the fourth Connolly tripled. Egan singled and Connolly scored. Gowdy singled and Rudolph followed with a homer which cleared the bases. Standridge was hit hard in the eighth, Magee's double, a fielder's choice on Smith's grounder, Connolly's double and a sacrifice netting three runs Rudolph eased up in the eighth inning and Good's double and Fisher's single saved the locals from a shut out.

Boston. . . . . 000 400 030—7 11 2
Chicago. . . . . 000 000 010—1 8 0
Rudolph and Gowdy; Lavender, Standridge and Bresnahan.

Pittsburgh, Sept. 14.—Pittsburgh lost to Philadelphia again today 4 to 3. Adams was hit hard and after Cravath had sent one of his offerings over the left field fence he gave way to Hill in the third inning, who stopped the scoring. Chalmers was effective after the first inning

Philadelphia. . . 211 000 000—4 11 0
Pittsburgh. . . . . 300 000 000—3 8 0
Chalmers and Burns; Adams, Hill and Gibson.

Cincinnati, Sept. 14.—Cincinnati won 9 to 2, from New York today. The visitors scored two in the first inning, but after that Lear held them safe. The locals made one in the first and in the second Killifer tripled with the bases full. Schauer was driven from the mound in the next inning and Ritter was sent in at the beginning of the seventh.

New York. . . . . 200 000 000—2 8 3
Cincinnati. . . . . 141 012 00x—9 16 1
Schauer Mathewson, Ritter and Dooin, Wendell, Lear Wingo

St. Louis, Sept. 14.—Eight hits, including a double and a triple, drove Marquard from the box in the sixth inning today and St. Louis won from Brooklyn, 6 to 2. The visitors' two runs were a result of two passes, a double steal and Stengel's two base hit. Boardman, a recruit from Winnipeg, twirled a good game for the locals, but was unsteady with men on bases. Pitcher Cheney retired in the sixth with a split finger which he received while fielding a drive from Bescher's bat.

Brooklyn . . . . 000 020 000—2 5 1
St. Louis . . . . . 000 006 00*—6 11 0
Marquard, Cheney, Dell and McCarty; Boardman and Snyder.

Seagirt, N. J., Sept. 14.—Sergeant Henry Austin, of the marine corps, shot the high score of 139 in the big Nevada trophy match here today. The match was shot at 600, 900 and 1,000 yards. Sergeant Claude H. Clide of the marines was second with 138 and Corporal Norah C. Reeves, of the same organization, third, with 138.

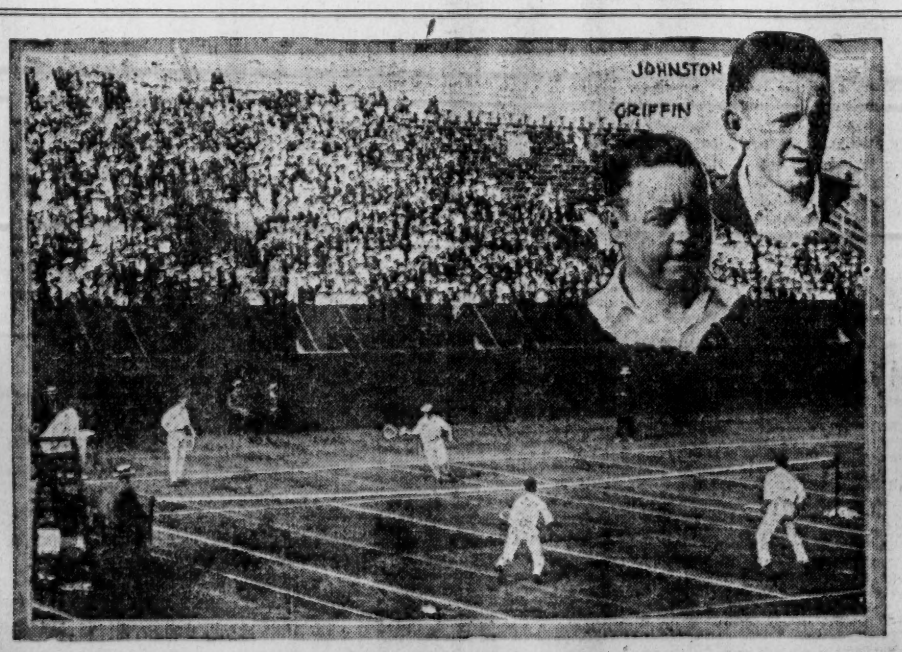
THE NEW TENNIS DOUBLES CHAMPIONS.



William M. Johnston. Clarence J. Griffin. T. C. Bundy. Maurice E. McLoughlin.
New Tennis Champions Winning Their Title.

William M. Johnston shone again as a tennis champion when with the help of Clarence J. Griffin he beat Maurice E. McLoughlin and T. C. Bundy for the tennis doubles championship at Forest Hills, L. I. The day before he had won the singles championship by beating McLoughlin in the final of the tournament. He and Griffin challenged McLoughlin and Bundy, the doubles champions, and won after a struggle.

Johnston, twenty years of age, is the sensation of the year in tennis, just as was McLoughlin when he began to shine. Like McLoughlin he is a Californian. So is Griffin. Thus all the tennis championships are held by Californians.

THEATRICAL

Opening at the Academy tomorrow, for a matinee and night performance, Gus Hill will present for the first time the fourth edition of Bud Fisher's great cartoon series, Mutt and Jeff, entitled "Mutt and Jeff in College." After breaking all established theatrical records for volume of business and pleasing audiences this remarkable attraction will offer an entire new entertainment for the coming season, retaining nothing but the title and those two character conceits, "A. Mutt," and his little friend "Othello Montgomery Jeffries." This season's offering will show an entirely new scenic and electrical production, consisting of several sensational mechanical effects never before attempted in a musical comedy. A new book, by a famous author, added to which is the benefit of the entire theatrical experience of that dean and wizard of cartoon production, Gus Hill. No expense has been spared to make the new production even more attractive than the original production. An entire new musical score has been furnished. The laughs are all new. The matinee prices are 25 cents for children and 50 cents for adults to any seats. Seats are now selling at Plummer's.

"Peg O' My Heart" Saturday.

J. Hartley Manners' blithe and breezy comedy "Peg O' My Heart," with Rea Martin and New York Company, will be the Academy attraction for a matinee and night performance Saturday, September 18th.

So many pleasant things have been said of this delightful play by the local press and the many patrons to the theatre that had the pleasure of witnessing a performance last year, about the only item of news interest for the forthcoming engagement is in the announcement of the cast that Oliver Morosco has selected for the Southern tour.

Rea Martin will, of course, enact the dainty little Irish heroine and in her support will be John Winstrop, as Jerry, the Prince Charming to Peg's vision. Raymond Bramley, as Brent, the "misunderstood" husband, who seeks surcease of sorrow in unmanly intrigue at the cost of Ethel's reputation, Ada Allen, as Mrs. Chichester, the stately and formal English aunt with whom Peg is sent to reside, in England, and William Yarance, the good natured solicitor. Pirie Bush, a new variation of the silly ass English son; Marie Sinclair, as the austere daughter Ethel; John E. Trevor, as the conical butler, in a dismally conventional household, and Agnes Martin, as a conquettish capped and nose-in-the-air housemaid. It is doubtful if Mr. Morosco has ever had a better balanced cast than he has selected for this company.

"Peg O' My Heart" is as pure as the crystal waters of a spring, and as fresh as the breath of springtime. The matinee prices will be from 25 cents to $1. Night prices will run from 25 cents to $1.50. Seats for both performances will go on sale tomorow morning at Plummer's.

"Lion and the Mouse" —Victoria

Charles Klein's great play, the "Lion and The Mouse" will be offered for its final performances at the Victoria today, when it will be seen both matinee and night.

This will be the first special ladies' and children's matinee that has been offered and it is expected that a great crowd will be out to welcome the Harme Associated Players in the big success they have scored in this offering.

The new Victoria Management have made many changes in their policy since they have taken charge, and everything has been done to make patrons feel perfectly at home and to cater to their wants, the character of performance has been changed and these new comedies and dramas that are now offered are clean and refined and not a single objectionable feature is either spoken or done to offend.

Starting tomorrow night and for the last half of the week the bill will be Eugene Walter's great American play "Paid in Full", one of the most successful plays produced in many years, and its proof is that it ran for two seasons at the Astor Theatre on Broadway, where it recorded a record breaking business.

Prices for matinee today are adults 20 cents and children 10 cents to any part of the house.

Night prices lower floor 20 and 30 cents, balcony reserved 20 cents, general admission 10 cents. No higher. Seats on sale a week in advance at the Victoria box office.

"Broadway Favorites" Grand

Myrtle Tannehill, the popular star of the legitmate stage, is featured in "The Barnstormers" a four-act "Broadway Favorites" drama, produced by the Kalem Company. This charming actress appears in the role of Nell Lavelle, a soubrette of a barnstorming musical comedy troupe. Adam, a prosperous old proprietor of a country hotel meets Nell, and falls in love with her. Unknown to Adam, his son Jack loves the girl but had quarrelled with her because of her refusal to quit the stage. The show is on the financial rocks. Knowing of his love for Nell, Mason the unscrupulous leading man, and Epstein the manager, induce Adam to back the show. Nell is in ignorance of this until a conversation, not ment for her ears, is overheard by her. And still another on the same programme for today, "His Fairy Godmother", Vitagraph one-reel comedy, featuring Wally Van, better known to the Movie fans as "Cutey". See this mamouth attraction today admission only 5 cents.

Tomorrow Paramount, Jesse L. Lasky presents Edith Taliaferro, one of the most noted of the younger Broadway stars, in "Young Romance", the film version of Wm. C. DeMille's noted play.

Diamond From Sky-Bijou

Irving Cummings makes a spectacular leap from a high grandstand on horseback in the seventh chapter of "The Diamond From the Sky" heading today's big bill at the Bijou. It's another one of those real thrills, like those one remembers in that great third chapter when he had such a narrow escape from death on two seperate occasions. The thrill is a logical one. It is his escape after being recognized as the man wanted for the murder of Doctor Lee. Again he is lucky enough to escape, and the manner in which he finally outwits his pursuers is too good to tell—one must see it on the screen in his great serial that is simply taking the town by storm. It's the most popular serial since Lucile Love, and crowds are the order from opening time at 11 A .M. to 11 P. M. when the doors close.

Anna Little and Herbert Rawlinson present one of their very greatest two-reel features, "The Social Lion", being a society drama with its thrilling side, as Director William Worthington knows how to do the stunt.

Another great Animated Cartoon Comedy, "Bobby Bumps' Adventures" features today's big bill also. It's a Universal production, and if you remember the one they put out some weeks ago, you will know what to expect.

Beginning tomorrow "The Romance of Elaine" will be run on Thursday's instead of Friday's to make room for the Broadway Featurese which starts Friday week.

BOSTON NATIONALS FURNISH ONLY CHANGE IN SITUATION.

World's Champions Jump Back Into Second Place.

New York, Sept. 14.—The world's champions, Boston Nationals, furnished the only change in the baseball situation today by jumping back into second place as the result of their victory over Chicago while Brooklyn was losing to St. Louis.

The Braves hold the second position by a single percentage point over Brooklyn. The Philadelphia Nationals by winning another game from Pittsburgh, kept their four-game lead.

The apparent deadlock in the American League remained unchanged. The Detroiters, although winning their third straight game from New York, were given no opportunity to gain on the Red Sox who won their seventh consecutive game by defeating Chicago and thus retaining a three-and-a-half game lead. The Red Sox and the Tigers wind up their series tomorrow and then cross bats at Boston for what may be the decisive struggle.

Those who already concede the race to the Red Sox are speculating now whether Chicago can retain third position. Washington tonight is only four games behind the White Sox and at the rate Clark Griffith's team has been going there is a chance to overhaul Chicago.

The Boston Braves will have an opportunity tomorrow to get a better hold on second place, ending their series in Chicago, while Brooklyn has an off-day. Philadelphia will wind up their series at Pittsburg.

SUMME RCAMP SANITATION

Importance of Proper Site and Cleanliness of Premises.

A summer camp is a device for seeking health and pleasure without modern conveniences. Campers are persons who of their own volition, or through the enticement of others, revert to primitive modes of existence and ostensibly obtain enjoyment therefrom. Both place and persons then favor the development of irregularities, encourage more or less irresponsibility and lead to immediate wildness. In this there is no harm and often much good. However, one thing should not be forgotten—the arrangements. Allow the "animals" to break loose once more for the seasonal enjoyment, but by all means have the camp sanitary so that in their wildness they will do no harm.

For, be it remembered that he who selects a suitable site, pitches his tent or builds his hut in a proper manner, examines his food, and protects himself from his natural enemies, is a wise camper indeed.

The camp site is important. Select high ground where the breezes blow and the drainage is good. Only a veritable amateur will occupy the space where another camp has been, for the filth, the flies and the food remnants are probably still there. Seek another location. If you are not satisfied, move; you probably haven't leased the premises and you ought not to put up with faulty conditions.

The water supply should be pure. The source should be known and proved to be uncontaminated and if there is the slightest suspicion of its quality it should not be used without boiling. This is a practicable and easy method of rendering any water safe for consumption. A second method is by the use of bleaching powder. And a teaspoonful of chloride of lime to one pint of water and keep in a well stoppered bottle. A teasupoonful of this solution should be placed in two gallons of the water to be treated and after standing for thirty minutes it is then absolutely safe for consumption.

Guard against insects of all varieties; many are not alone tormenting but disease carriers as well. Screen the cabin, the tent, or the hut—even the most primitive people protect themselves in this manner. Flies frequently spoil an otherwise successful camping trip. Remember that they bred in manure and filth and that the camper himself is therefore often responsible for their presence. Make the handy man clean up and keep the grounds policed. A little borax added to the manure or filth inhibits the development of the larvae and should be in every outfit. Watch the mosquitoes. They carry in their sting more than a temporary annoyance. See that the campfire conveys a little smudge at night. Oil the pools and screen the sleeping place, if you have not forgotten to put a few yards of netting in your kit. Anoint yourself. There are really a few preparations which mosquitoes do not like. One is castor oil and pine tar, equal parts, and another is oil of citronella.

Dispose of all human and animal wastes in a proper manner. Burn whatever is destructible, bury deeply what you can not burn, and protect that which you can not bury. If your site is more or less permanent handle garbage in properly covered cans and then incinerate. Just as tin cans have marked the pathways to the west, so they indicate camp sites for all time to come. They have no other usefulness except as breeding places for mosquitoes. Why not consign them to their grave while they are still in the heyday of existence? Do not permit the cook to scatter dish water indiscriminately about; it attracts flies, decomposes, and is otherwise objectionable. Fasten a sign to this effect upon the nearest tree, or if you have your courage with you emulate Luther and nail it to the kitchen door.

Provide a suitable toilet. Remember that soil pollution is one of the great causes of disease in our country today. Do this then not alone for your own protection and convenience but for the welfare of others. The pail system may be used or a trench dug utilizing dry earth or choride of lime for covering. Be sure to protect from insects by screening. When abandoned make it your business to see that it is not objectionable in any manner and of no danger to those who follow in your footsteps. Do nt pollute the streams. That man should lessen the charm of the wayside brooks, the very voices which called him from afar, is inconceivable.

Be careful of the provender. Select only proper foodstuffs, those whose quality is known, and properly preserve them. Use the stream for cooling and that world old device of lowering temperature by the evaporation of water. Secure ice if possible, keeping it in the camp refrigerator made by placing one box within another with hay between and caring for all perishable food products in this manner. Do not forget that the news of your coming has been wafted abroad by innumerable winged and other malevolent insects and that they are gathering for a feast unheard of in all the days of their existence; therefore screen your food; hang it high, and guard it zealously.

Interest yourself in your own welfare. Be moderate. Beware of the farmer's corn and cucumbers, eat sparingly of the concoctions to which you are unaccustomed, and glance at the well of boyhood days only with suspicion. Don't allow the weather or the children to annoy you, rest as well as you can, show the youngsters what father can do when he has the proper environment, and imagine what a wonderful time you are having. Then when it is all over we'll get together again, tell of the fish we've caught and recite our numerous adventures, and begin to plan for the season to come.

CONDITION OF REFUGEES IN MOSCOW IS FRIGHTFUL

According to a Mining Engineer, Who Appeals for Relief.

London, September 14. — An appeal from a mining engineer of Moscow for funds to relieve the refugees pouring into that city, describes their condition as frightful. The small English organization maintaining the hospital, according to the dispatch, is feeding 3,000 persons daily, but this charity is totally inadequate. It is asserted the authorities are unable to cope with the situation, as they already have taken care of one-third of the total of Russian wounded.

"The distress is frightful," says the appeal. "Women and children are in their summer clothes, with winter coming. Immediate preparations must be made to provide soup, shelter and warmth."

GASTON OBJECTING TO TAX INCREASE

Hearing Before State Tax Commission.

Heat Improves Crops—W. P. G. Harding to Speak—Woman Notary Case For Re-Hearing—I. O. O. F. in State—Military at Fair.

(Special tSar Correspondence.)

Raleigh, N. C., Sept. 14.—Chairman O. G. Falls, of the Gaston county commissioners, and A. G. Mangum, as attorney, were before the Corporation Commission today making definite protest against the 10 per cent increase that the commission, as State tax commission, made in the tax assessments for the county.

They pleaded that the tax assessors made the tax valuations just as high as they could reasonably be and that they felt tha tthe original assessment by the county assessors was all the burden that the taxpayers of the county should bear. The whole matter was gone into and members of the commission explained the attitude of the board and the necessity of striking an equalization of values as between the counties. The commission took the statement of the case by Messrs. Falls and Mangum under consideration, but they are holding out no promises of changing any of the assessment increases they have announced.

The intense heat that has enveloped this section of the State, about the hottest weather of the whole summer, is declared by practical farmers to be bringing out crops, especially cotton and corn, wonderfully. The growth and general development is pronounced really phenomenal and bid fair to more than overcome the retarding effect that the drought and the cold of a few weeks ago caused.

There is much gratification here at the announcement that the annual meeting and banquet at the Raleigh Chamber of Commerce, Alexander Webb, president, will have for the chief speaker, Hon. W. P. G. Harding, of the Federal Reserve Board, who has just accepted an invitation extended through Secretary of the Navy Josephus Daniels. The event will be on next Monday night, September 20. President Webb had also hoped to have Mr. B. N. Duke here as a guest of honor, but Mr. Duke found it impossible to accept the invitation.

Hon. W. A. Hoke, associate justice of the Supreme Court, is wrestling now with the problem of whether or not there shall be a rehearing of the noted "woman notary" case, from Buncombe county, testing the constitutionality of the act of the last Legislature, allowing the Governor to appoint women to positions as notaries. Judge Hoke was one of the three justices who delivered the controlling opinion of the court that the act was unconstitutional.

After passing on the petition he may or may not direct the clerk of the Supreme Court to reinstate the case, State vs. Mrs. Nolan Knight, on the docket for a rehearing. Then the court will decide, in case a re-hearing is allowed, whether there shall be any oral argument. The rule is that within ten days after a case is ordered re-heard there shall be filed the brief for the petitioners and then ten days thereafter there shall be the brief for the other side. Then, if there be oral argument allowed, a time for this would be fixed.

Members of the court say that while there are frequent petitions for rehearings filed with one and another of the members of the court by the losing sides in litigations, a very small per cent of them are ever allowed. However, there is not the slightest indication as to the probable result of the pending effort. The petition to re-hear was filed by the law firm of Martin, Rollins & Wright, of Asheville, and John A. McRae, of Charlotte.

The petition is accompanied by a lengthy appeal in which it is pleaded that there are no authorities to justify the ruling that women are not eligible to notarial appointments, but that there are a great weight of authorities sustaining their right. It is insisted that the Supreme Court erred in holding that a notary public is a public office, not merely a place of trust and profit and public employment. The endorsers of the petition to re-hear are R. R. Williams, J. J. Britt and Gallatin Roberts, of Asheville, and Walter E. Moore, of Webster.

Grand Secretary B. H. Woodell, of the North Carolina Grand Lodge of Odd Fellows, just back from a visitation to a number of the lodges in Western Carolina, says that he found Odd Fellowship in fine condition wherever he went. Good crops and a general revival of business has infused a spirit of optimism and enthusiasm, he says, in the people generally and that the cause of Odd Fellowship is feeling the renewed spirit. Especially did he find this the condition in the matter of the complete disappearance of the objections that were heard some months ago in some quarters to the increased tax for the support of the Odd Fellow Orphans' Home, at Goldsboro. He found the "Mother's Pension Plan" strong in approval of the Odd Fellows also.

The question of the compensation that the owners of lands taken over by the Federal government for carrying through its great Cape Lookout project shall receive will be determined by a jury to be impanneled at a special term of the Newbern Federal court to be convened for the purpose on the first Tuesday in October. The assessment by the commission appointed for the purpose was $1,700. The owners excepted to this and appealed to a court and jury.

Arrangement has been made for most attractive prizes to be offered to military companies attending the State Fair on "Military Day" of fair week. There will be first, second and third prizes for drill work, these being $100, $75 and $50. Then there will be $100 for the company that travels the farthest in coming to Raleigh and $100 for the company making the best general appearance in the parade. These two prizes are offered, respectively, by President Parrish and Chief Marshal R. O. Everett.

A network of evidence is being developed by the police that they believe will enable them to convict Burke Pace, a young white man of this city, of stealing the automobile of James H. Pou, and of breaking into the mercantile store of A. J. Medlin, Jr., at Wake Forest, and the Sterling Cotton Mills, of Franklinton. Pace has been put under $500 bond in default of which he is in jail and will be tried Wednesday by a local justice of the peace. Pace left his coat in the automobile and also a quantity of articles that he had taken from the two places broken into, in the opinion of the police. Also, they found articles from the store and the mill in Pace's room at the home of his mother here. The Pou automobile was taken from the garage at the Pou home, on Blount street, last Thursday night and left in the road after it had been driven as far as the supply of gasoline would carry it.

5,000 MINERS STRIKE

Demand Higher Wages for Muckers and Miners.

Phoenix, Ariz., Sept. 13.—Five thousand miners employed by the Detroit Copper Company at Morenci and the Hannon Copper Company at Clifton struck today. They demand that Bisbee wage scale of $4.10 for muckers and $4.35 for miners. Western Federation of Miners officials are behind them, and employes of the Arizona Copper Company nearby are expected to join the strike.

BULGARIA NOT OBLIGATED

As Result of Turkey's Cession of Territory to the Balkan State.

Sofia, Bulgaria, Sept. 11, (via London, Sept. 13).—Premier Radoslavoff has informed the ministers of the triple entente that Bulgaria has assumed no political obligations with Turkey or the Central powers as a result of Turkey's cession of territory to Bulgaria.

It is denied here that the triple entente has made new proposals to Bulgaria.

BOLL WEEVIL SPREADING.

Twenty-One Georgia Counties Now Infested, Says Entomologist.

Atlanta, September 14. — The Mexican boll weevil, recently discovered in Southern and Southwest Georgia, has spread to 21 counties, State Entomologist Worsham announced today.

Preparations are under way for a meeting of farmers, bankers and others interested in cotton at Thomasville, next Friday, to discuss means of combatting the weevil.

GENUINE ECZEMA REMEDY

New Remedy That Heals Eczema Quickly.

J. Hicks Bunting Drug Co. has sold hundreds of jars of Hokara, and although they offered to refund the purchase price to any dissatisfied purchaser not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of exzema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara should give quilk relief, ann even the worst or most chronic cases shouls be cured in a short time.

Yoo can buy a liberal-sized jar to-day at the very low price of 25c, and with every package goes J. Hicks Bonting Drug Company's goarantee to refhne the money if it is not satisfactory.

Ambassador to Austria May be Sent Home

Ambassador Frederick C. Penfield.

Ambassador Frederick C. Penfield, the American representative in Austria, may be sent home by the government of that nation as a result of the request by President Wilson that Austrian Ambassador Dumba be recalled. Washington diplomats have not yet been able to gauge the situation, but they fear this will be the result of President Wilson's action, it is said.

THE PIPE OF PEACE - - - - - - - By GOLDBERG

JUST WHEN I HAVE A CHANCE TO CLOSE A BIG $1,000,000 DEAL, MY SECRETARY LEAVES ME FLAT AND GOES OUT TO THE BALL GAME
BEFORE I FIRE HIM I WILL HAVE THE SATISFACTION OF TELLING HIM WHAT I THINK OF HIM IN LANGUAGE THAT I USE ONLY ON VERY SPECIAL OCCASIONS
THEN I WILL PROCEED TO ALTER HIS FEATURES UNTIL HIS MOUTH IS ON SPEAKING TERMS WITH THE BACK OF HIS NECK
TO BEGIN WITH, YOU'RE A-----
HELLO, BOSS- HAVE A PIPEFUL OF TUXEDO WITH ME
SPIKE JELLYDOME HAS GREAT CONTROL TODAY. HE HASN'T HIT THE UMPIRE ONCE
ALL WE NEED IS FIFTEEN MORE HOME-RUNS AND A LITTLE LUCK AND WE CAN'T LOSE

Copyright by The American Tobacco Company, 1915

A whiff of Tuxedo's mellow goodness will sweeten your disposition and make you feel c-a-l-m and peaceful, like a young man listening to his best girl play the piano.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

The soothing influence of Tuxedo is due to the original "Tuxedo Process." That wonderful process puts the rich, natural leaf in a condition of perfect mildness and makes Tuxedo the one tobacco that doesn't bite the tongue or parch the throat.

R. L. GOLDBERG
Famous Cartoonist—Creator "Foolish Questions"—"I'm the Guy," etc.

"I find in Tuxedo a good tobacco. Its fragrance and flavor are fine. I use it regularly and endorse it highly to all my friends."

R. L. Goldberg

Tuxedo is as wholesome as it is delightful. There's rest and relaxation in every pipeful.

Try Tuxedo for a week.

YOU CAN BUY TUXEDO EVERYWHERE

Famous green tin, with gold lettering, curved to fit pocket **10c**

In Tin Humidors, . 40c and 80c
In Glass Humidors, 50c and 90c

Tuxedo is guaranteed. If the package you purchase is not entirely satisfactory return it to your dealer and get your money back.

THE AMERICAN TOBACCO COMPANY

LUTHERAN BOOKS REVISED

Committee Reports That Work Has Been Completed After Many Years

Rock Island, Ill., Sept. 14.—At today's session of the General Council of the Lutheran church in America it was announced in the report of the Church Book Committee that the work of revising the English books of worship in the Lutheran churches had been completed after many years work, and it was hoped that the new forms would contribute largely toward a United English Lutherism in America.

The existing books and services have been thoroughly revised, according to the purest liturgies of the Lutheran church of the 16th century. The result is a book upon which all three main bodies of Lutherans have come to perfect agreement, and all publishing houses will print from common plates. The new book is to be called "The Common Service Book and Hymnal". It will be published in a music edition also an edition with words only. The Committee added a memorial tribute to the late Rev. Horn of Philadelphia, the Secretary of the Committee, who had labored most faithfully on this book and who died just before the realization of the aims of the committee had been attained.

DEATH IN GOLDSBORO

Mr. D. L. Jones Passes Away at the Age of 40 Years

(Special Star Correspondence)

Goldsboro, N. C., Sept. 14.—Mr. D. L. Jones, a clerk in the furniture store of Solly Isaacs for a number of years, died at his home in this city last night, aged 40 years. He is survived by his wife and four children, also two brothers, Messrs. Will and Marcus Jones, of this city. The funeral was held this afternoon, conducted by Rev. J. M. Wright, pastor of Elm Street Methodist church.

FALL FROM BICYCLE FATAL.

Kinston Child Dies From Resulting Blood Poisoning.

(Special Star Correspondence.)

Kinston, N. C., Sept. 14.—Eleven-year-old Effie Stroud died here as the result of a minor injury sustained when she fell from a bicycle on her way to school. The child, daughter of Mrs. Leon Stroud, spent the day in her class-room and returned home without feeling any ill effects from the tumble. Later blood poisoning developed and high fever, ending in death.

Havana, September 14. — By presidential decree, none but American and Cuban money will be accepted as legal tender in Cuba after November 11. Circulation of Spanish gold and silver and French gold has caused much confusion.

ROUMANIAN TROOPS MOBILIZE.

To Face an Expected Concentration of Austrians Against Roumania.

Athens, Sept. 13, via Athens, Sept. 14. —It is reported in diplomatic circles here that there has been a heavy mobilization of Rumanian troops to face an expected concentration of Austrians directed presumably against Rumania.

Railroad traffic in northwestern Rumania is declared to have been suspended in favor of troops movements. All horses have been requisitioned. The second series of reserves are now with the colors.

The Austrians are said to declare the concentration is directed toward suppression of espionage in Transylvania.

ENFORCING CURFEW LAW

Kinston Youngsters Must Come in When Bell Rings at 10 P. M.

(Special Star Correspondence)

Kinston, N. C., Sept. 14.—Curfew rang here last night. Kinston is probably the largest town in the State to have the law. Police Judge Wooten, declaring that incorrigibles troubled him, invoked an ancient ordinance that had never been enforced, requiring children under 16 to remain indoors after 10 p. m. The court house bell donged the curfew and will continue to be rung every night. The police are the official bogey men. The mustly law had never been given the slightest attention before.

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months; $1.50 for three months, or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

WEDNESDAY, SEPT. 15, 1915.

TOP O' THE MORNING

A sluggish man, content with mere comfort, may shield himself almost completely from the sorrows of life; but he who aspires to live in every part of his nature and to give his spirit the finest temper must bare his head to the four winds of heaven and brave all storms that sweep the earth.

—LYMAN ABBOT.

Which nation represents the huge beast with feet of clay?

Among others who have to do a lot of "watchful waiting" is the coal man.

Some people's natural gait is like that of a submarine. They stay under cover and get your goat.

Four circuses are headed for South Carolina without considering the fact that South Carolina has "circuses" of her own.

We could accomplish great things if we would mix initiative in with the great amount of agitation we indulge in.

A scientist says "Women don't exist in Heaven." Of course no scientist knows a thing about it, but wherever women are they would make it like Heaven.

Says the Charleston News and Courier: "Colonel Harvey is firing a new broadside at the administration." Owing to the fact that the target always escapes, it is inferred that Colonel Harvey did not engage in broadside practice recently at Plattsburg.

A Wilmingtonian who visited Dupont City, Va., says it loked like a little Wilmington to him because of the familiar faces he saw on all sides. Some have gone into various lines of business and others are employed in the powder factory. That is the way industrial cities attract population away from others where the line is not busy.

Newbern has a 'Bachelors' Club," but we don't see how any Newbern man can put up with being a bachelor when the prettiest portion of the population is to be considered. It is a cinch that the Newberniennes will break up any bachelors' club that ever was. Those bachelors may as well name their organization the Newbern Nuisance Nucleus.

The nerve of them made New York drop its chin and gasp. They did not come to borrow money. They came to get it by swapping bonds for a billion dollars to be spent here for wheat, cotton, meat and war munitions. It appears as if they came to accommodate us and want to get all that is coming to them for our sake. The New York financiers were astounded because they could not, with customary agility, grasp the idea that the proposition was one to accommodate them. New York never thought of that before and had to take time to decide on accepting the favor. Of course, it will accept. It is not often that New York has anything astounding coming to it.

Editor Owen, of the Clinton News-Dispatch, the leading Republican paper of Eastern North Carolina, is urging the farmers to hold their cotton for 12 or 15 cents, which he predicts is certain to come, and he is quoted as expressing the belief that 20 cents cotton in the near future is not at all improbable—even under a continued Democratic administration at Washington. What do you think of that?

Attorney General T. W. Bickett has accepted an invitation to deliver the opening address at the Durham fair at 11:30 a. m., September 21st. If the fair will be as good as the address to be delivered by North Carolina's eloquent chief law officer, it will be some fair. However, it remains to be seen whether Durham will display herself or follow the ordinary fair rule of keeping the big things out of the displays. We presume that Durham does not do that.

COTTON MAY GO TO GERMANY

It is hardly possible that the Allies will relax their restrictions to the extent of allowing the exportation of cotton to Germany, but just how the report "that President Wilson has won a victory in demanding that cotton must be permitted to go to German ports" gained currency is mystifying. However, Count von Reventlow's article in the Tages Zeitung a few days ago shows that the report was not given credence by all Germans of prominence, and yet the very fact that he thought it worth while to contribute the article on the subject, and the tone of the article itself, would seem to indicate that the report was taken seriously even in well-informed quarters. Even the count does not positively deny the truthfulness of the report, but treats the matter pessimistically and doubtfully, declaring the question must be held in abeyance until the bargain is closed.

Washington officials, in turn, knew of no such concesion on the part of the Allies and were at a loss to know how such a report could have originated. The Washington administration, however, has strongly protested to the Allied governments against their making absolute contraband of cotton and our government has used precedents to great effect, pointing out that at the London conference some years ago Great Britain led in the international agreement placing cotton on the non-contraband list. It is even emphasized that at best only a limited amount of cotton is used in manufacturing explosives. Germany at present is offering from 16 to 20 cents a pound for cotton and offers to take a million bales at 15 cents, or $75 a bale, representing $7,500,000 that would come to the South at once should the contraband order be relaxed.

A Berlin report says the Germans are not dependent on cotton for the manufacture of explosives, but necessarily Germany would be glad to get cotton for making clothing. It is hardly worth while to credit the report that President Wilson has won his point with Great Britain as to exporting cotton to Germany, but it is quite possible that the Allies might consider that American friendship is worth more to them than the amount of cotton that they could keep away from Germany and Austria.

There is no doubt that it is a violation of international agreement to make cotton contraband, since whatever precedents went before, the agreement at the London conference precedence over all previous standings about the status of during war. It must be remem however, that war is an arbiter a which there is no appeal. Prote in order, but might typified in makes scraps of paper of all ments behind which there is no n

WHEN WE DON'T KNOW WE KNOW

It is awful to think we kno then have it demonstrated to u we don't but only think we do. Mr. John Hays Hammond, the s his father, undertook recently t a man's job on his hands and j attacks on the Wilson administ and point out defects in the na sustain the reasonableness of h attack . In the egotism and exube of youth, young Hammond rushed into print, and thereby hangs a tale. The Springfield Republican felt the need of correcting some of his illogical ideas and letting him find out that he was a person speaking without knowledge. This is what the Republican produced for his benefit:

"In so far as the scathing criticism of the United States navy made by John Hays Hammond, Jr., relates to the slowness of the fighting ships, it touches no new ground, and to treat slowness as though it involved merely a defect in design and construction is superficial. This characteristic, as everybody knows who has followed the growth of the navy, is the result of a deliberate policy which found its ablest exponent in the late Admiral Mahan. No ship can have everything what goes into speed must be taken from radius or armor or gun power. It was the carefully reasoned view of Mahan. No ship can have everything; come first; that the issue would be settled by the fleet which could hold and dominate the seas. To what extent that theory was sound and relevant to American naval problems, and to what extent it has, even, if sound, been modified by the experience of the past year, are fair questions both for technical and popular discussion. But that is the end at which discussion should begin; to criticise the American ships merely for being what they were carefully designed to be is not very illuminating."

Technically speaking, warships and big guns belong in the evolutionary class. Those good enough and powerful enough today are superseded tomorrow by later models and types. One of young Mr. Hammond's breaks was to criticise the Wilson administration and make it "scathing" on the ground that the naval vessels and equipment are impasse. So they are to a large extent, but the Republican administrations were responsible for them, and, therefore, Mr. Hammond fired on the wrong party. Even so, the navy was once good enough for naval ideas as they once prevailed, but because the times called for new ones about a year ago and the old navy handed down by the Republicans is the same as a last year's bird nest, it is no fault of the Wilson administra..on.

The criticism of the ships may be more or less justified, but where young Hammond slipped up was in putting the blame on Wilson for a naval outfit bequeathed by Roosevelt to Taft and by Taft to Wilson.

Hammond betrayed his animosity at the expense of his common sense and even older men do that when they write with bias instead of with wisdom.

Good roads cost less than bad ones. Then why not have good ones?

ONE WAY TO BOOST.

The people of each community know about the resources and adaptability of their own section, but the trouble about it is getting them known abroad. Where the people have tested their resources and proved by their industry and enterprise what their section is capable of accomplishing, they are in a position to make their achievements known abroad if they will go to work and do it. All that is needed is the initiative of the people and the opportunity to advertise their community.

The State Fair, in one way, offers a fine opportunity for the counties to make known their advantages, and Bion H. Butler, field secretary for the State Fair Association, is on the rounds pointing out to the counties the opportunity they will have to advertise themselves at the Fair. He visited Maxton a few days ago and got in touch with some of her enterprising men. He was shown a considerable part of the outlying farming section, and the Maxton Scottish Chief reports him as saying:

"It is a great county you have. The Creator could not have done much more for you, and all you want here is more people to help develop the gold mine of agriculture that is all around you. Maxton is a mighty pleasing place, I like your old trees, and nice houses, and your fine college building. All your folks need is to make a noise as to your resources and let the world know what you have, and in a few years more this section will surprise you more than it has already. But stir up the people and get them to send something to the State Fair to show the world what you are doing. Put a sample on exhibition up there."

The people of Maxton and Robeson county are of a type that can be counted on to develop their splendid county. If Robeson had more people just like her own splendid people, she would magnify her greatness in short order. As a farming section we have never seen one with greater advantages and possibilities, and the people of Robeson know it. They have demonstrated it by their industry, too, and their own splendid achievement is all the proof that is necessary to impress it abroad. The idea is to let others know it, and Mr. Butler is a good man to inspire efforts along that line.

Robeson is setting some paces that are hard to keep up with, and if all North Carolina counties would keep up with her, they had better go to work right now.

MORE AND LARGER ROLLER MILLS.

Grain growing in Eastern North Car- , just as we have often said it d do, has paved the way for a industrial growth, for where the is grown there must needs be a to manufacture it into flour or It is now a dull day when some unity does not announce that it new roller mill or will have one xt season.

irinburg has a new roller mill probably is ready by this time to ito action. It will grind some of arge wheat crop grown in Scotcounty and also will draw patronrom Robeson and Hoke counties. on county has produced more than her mills can grind as fast e flour is wanted. The Robeson are overrun with custom. The at Pembroke, reported to have a ity of 100 bushels of wheat a day, d to have 2,000 bushels ahead. rowers in Robeson are shipping wheat to the McNeill mills, at Fayetteville, where large quantites of grain are being ground, while wheat is stored up for future manufacture.

Rowland township, Robeson county, raised no wheat last season, but produced 2,000 bushels this year. Recently 26,000 pounds of wheat was shipped from Rowland to Bonlee, Chatham county, to be ground, because the line is busy at the Pembroke mill. Wheat is going by the wagon load and car load to the neighboring mills. Two small mills near Rowland, one in Scotland county, and one just over the South Carolina line, have all the grain they can grind for the season.

All this means that the mills will have to be enlarged and new ones erected. The farmers like the idea of making their own bread and they are going to become independent of store-bought flour and meal. This is good news, and it is pretty much the same story that comes from all over the State.

North Carolina's wheat crop this year is more than sufficient to supply the whole State.

COTTON.

To the Editor of The Star:

The enclosed clipping from the Columbia State of September 9th is the best answer to pro-German pessimists who try to imagine, and cause others to believe, that the South is distressed because Germany cannot get the staple.

Dives is reported to have offered a substantial premium for a drop of water without enhancing the price of the commodity in other localites.

COTTON.

One year ago, September 9, 1914, there was no prospect of obtaining more than 6 or 7 cents a pound for cotton.

One year ago the buy-a-bale movement was the slender hope of helping the farmer * * *

One year ago nineteen out of every twenty motor-car owners in the South were wishing that they had never heard of a machine.

Today the farmer can obtain around 9 1-2 cents for cotton, but is not disposed to sell it, the prospect being for better prices. Little cotton is being sold.

Today, if there were a buy-a-bale at 10 cents a pound proposal, many farmers would refuse to sell at 10 cents. * * * Today the automobile sellers of South Carolina are doing a lively business. * * * Last year the people had some reason to be disturbed about the future. This year there is every reason to be encouraged about the future.

Another Hot Day

Better plan to spend the day at the beach and enjoy a dip in the surf. —Advertisement.

CURRENT COMMENT.

The demand for the recall of Ambassador Dumba was based in part upon the charge that he had conspired to hamper our industries. A man cannot conspire alone. There must be partners to his guilt. It now becomes the duty of the government to ascertain precisely who Dr. Dumba's co-conspirators are. When they are definitely discovered they should be made to follow the Austrian ambassador in quick procession across the ocean. It is reported that the conduct of Captain von Papen, the military attache of the German embassy; that of the German consul-general at New York and the editor of a Hungarian newspaper with an unpronounceable name are under the scrutiny of government officials. Let no guilty man escape.—Baltimore Sun.

The information that comes to The Observer in connection with the reported arrangements for the resumption of work on the Badin development tends toward its confirmation. This paper learns that the arrangements for financing the work to completion have been made with the assistance of American capital, the necessary money having been found in New York. When the war tied up the French source of suply, efforts were made to finance the project in this country. These efforts, repeated from time to time, have just been successfully concluded. There would now appear to be no further trouble in sight for the promoters of this tremendous development and no further hitch is probable.—Charlotte Observer.

Raleigh will have the opportunity to hear one of the leading financial authorities of the country on the occasion of the annual banquet of the Raleigh Chamber of Commerce, for Hon. William P. G. Harding, of Birmingham, Ala., has accepted the invitation to make the annual address before that body next Monday night, September 20. Mr. Harding is one of the members of the Federal Reserve Board, one of the leading bankers of Alabama and the South. Beginnig as a clerk and bookkeeper in a private bank, he has steadily risen and has attained the highest of positions in the banking world, being regarded as an authority on banking. His recent address having to do with the Federal Reserve Bank System and its relation to cotton made a profound impression. Mr. Harding has held numerous positions having to do with financial and educational affairs in Alabama and is justly regarded as one of the South's leding business men. That he is to deliver the address at the annual banquet of the Raleigh Chamber of Commerce means that the occasion will be made a most notable, and a most valuable one. Raleigh is ready to give him a warm welcome.—Raleigh News and Observer.

The cotton mills running on colored goods are now at an extra expense of five cents a pound in the production of the goods. This is because of the advance in the cost of dyestuffs and is a sufficient indication of the straits to which the manufacturers have been put. Those who have been caught with contracts on hand for colored goods have found necessity for resort to all sorts of strategy to secure the dyes needed and there has been a good deal of buying and swapping. Some of the North Carolina mills have got hold of a supply of vegetable indigo that had been laying around the warehouses in China and this is being made to serve a useful purpose. The mills have had to pay five or six prices for it, and any other kind of dye material is available only at a corresponding scale of advance. The country is at last waking to the fact that the mill men were giving no false alarm when they began asking for attention in the matter of a dyestuffs supply months ago. The famine has been on for weeks past, and the situation for the future holds out very little of encouragement. The mill men were left to face the dyestuffs problem as best they could, but the general public is now finding itself a party in interest. Cotton is going well enough under the contraband order. The immediate need of the trade is relief for the manufacturers of colored cottons in the way of a dye supply. These mills use all the shades of colors for their goods, but the color the mill men, themselves, wear, as a general thing, is an unmistakable shade of blue.—Charlotte Observer.

REAMS SUCCEEDS STAGG

As Vice President and General Manager Durham & Southern.

Raleigh, N. C., Sept. 13.—Samuel H. Reams, since 1909 agent of the Seaboard Air Line at Savannah, Ga., and for 19 years a railroad man at Durham, is to be the successor to the late J. Ed. Stagg, as vice president and general manager of the Durham and Southern Railway.

MILLIONS of Dollars WASTED

every year on coal that heats the *chimney* instead of the *room*. Many soft coals burn riotously like shavings, wasting their heat in a long flame up the chimney and in dense smoke and troublesome soot and are quickly reduced to ashes and clinkers. Save big money on your next winter's coal bill by burning Clinchfield—the coal that burns like a hickory back-log—with a short flame and a big bed of intensely hot coals of wonderful *lasting* quality, that radiate their heat into every nook and corner of the room. Clinchfield holds fire over night, saving labor and kindling bills. Hard, clean, lumpy, readily kindled. By far the most *economical* and satisfactory fuel for open grates, stoves and residence furnaces of all types. No trouble with clinkers or choked flues.

Write for literature, freight rate and low summer prices on cars of from 30 to 50 tons each direct from the mines.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

TO HAVE MODERN FERRY ACROSS THE CAPE FEAR

Bridge Project Has Been Abandoned for the Present.

Meeting Accepts Proposition of ... M. S. Willard—County Commissioners to Arrange Details at Conference

While the building of a bridge across the Cape Fear river has been abandoned for the present because of information from the United States district engineer's office to the effect that the government probably would not permit the construction of a bridge across the river in the harbor, the mass meeting of New Hanover citizens yesterday at noon accepted the proposal of Mr. M. S. Willard for the establishing of a modern ferry across the stream and should this prove satisfactory to the Brunswick Commissioners, it is believed that a solution of the much discussed project has been made.

There was a large attendance at the mass meeting and evidence of deep interest in the proposition. That the people of the city and county are determined to have a better means of communication across the river could be easily seen.

Upon motion of Mr. Hugh MacRae, seconded by Iredell Meares, Esq., and a number of other citizens, the meeting went on record as favoring a bridge or a free ferry and improved causeway between the Cape Fear and Brunswick rivers. The solution of the problem was left to the County Commissioners of New Hanover and they will probably have a conference with the Brunswick Board at an early date.

Mr. M. S. Willard, a member of the New Hanover Board, said he would favor a ferry across the river but thought that Brunswick county should bear more of the expense than has heretofore better suggested. Mr. J. Allan Taylor, for the bridge committee of the Chamber of Commerce, accepted the proposal of Mr. Willard.

The meeting was called to order by Chairman W. A. McGirt, of the New Hanover Board of Commissioners, who requested Mr. W. A. Williams, clerk of the Board, to read the resolutions, adopted by the Commissioners calling for the mass meeting and also to read the act of the General Assembly with reference to the establishment of a modern ferry or a bridge across the river.

When Chairman McGirt asked that the public be heard from, Mr. J. Allan Taylor suggested that, as the views of the public was well known, the Commissioners be heard from first as their views did not seem to be so well known.

Chairman McGirt called on Commissioner Willard, who stated that he expressed only his own opinion but thought that the New Hanover Commissioners feel that the burden of accomplishing the project had not been evenly distributed under the proposed plans for providing better means of communication between the two counties. He resented the idea that Brunswick should be denominated a pauper county for the reason that her bonded indebtedness is not near so large as that of New Hanover nor did he think that because the State had to aid that county in keeping up her schools that this was a stigma as this was only an arrangement for an equal distribution of the school money, so that all counties may have the same length of school terms.

He pointed out that there are two things to be considered, the first being to secure public terminals and the second being to get a highway. The building of a bridge had never appealed to him, he stated, and he had been informed by the United States district engineer that it was reasonably certain that the government will not allow a bridge to go across the harbor. He thought that Point Peter was better adapted for the terminal facilities than the west side of the Cape Fear river. The former can be reached by a railroad from Navassa, he said. He had been unable to get away from the idea, he stated, that a modern ferry would answer all the needs for a highway to Brunswick and the western part of the State. He had been informed that the present ferry could be acquired for $20,000 and with the expenditure of from $50,000 to $75,000 a first class ferry could be installed and the causeway could be improved while a bridge would cost $250,000. The ferry could be established and Wilmington could acquire terminals and build warehouses at Point Peter and build a bridge over the Brunswick river for less cost than for the proposed bridge.

While he had been accused of being ultra-conservative, he could not see why this was not a good proposition. He thought that there would be no dimculty in the two counties in getting together on a proper division of the costs.

In answer to a question from Hon. John D. Bellamy as to whether or not he favored a free ferry, Mr. Willard stated that he thought that there should be a nominal charge made. He stated that if his proposal was adopted that work could be started immediately without a special act of the Legislature as the improvement would be classed as a public necessity and both counties would have the authority to borrow the amount of money needed.

Mr. J. Allan Taylor, for the bridge committee of the Chamber of Commerce, accepted the proposal of Mr. Willard as being a happy solution of the question. He said that the Chamber of Commerce only desired a means of access to the West and that he yesterday morning had a talk with the United States district engineer, who had confirmed all that Mr. Willard had said with reference to the improbability of the government allowing a bridge to be built across the harbor. He was glad to know that the county was to be saved the expense of an election and pointed out that the only thing now lacking is Brunswick county and that he would not doubt Brunswick. After the county has acted on the ferry matter, he stated, the city of Wilmington can acquire the terminals on Point Peter.

Hon. John D. Bellamy made an eloquent speech in which he advocated either a free ferry or a free bridge. He showed the many advantages that each county would obtain by having a free ferry or bridge. He declared that he thought that Brunswick had a right to charge New Hanover with bad faith after the former had gone ahead and voted bonds for building a bridge across the Brunswick river and begun to build good roads in several townships in the county.

Mr. G. Herbert Smith stated that he of his own personal knowledge knew that the present ferry across the river could be acquired for $20,000. "I am willing to trust the Commissioners of New Hanover," he declared, "and to leave it to their judgment. I am sure they will do the right thing."

In answer to a question from Woodus Kellum, Esq., it was stated by C. Ed. Taylor, Esq., of Southport, who attended the meeting, that Brunswick county considers that she is to keep up the bridge across the Brunswick river.

Mr. D. C. Love, chairman of the bridge committee of the Rotary Club, said he was glad to know that there is a prospect of getting a free ferry.

at the beach these hot September days. —Advertisement.

NO ELECTION PROBING YET

Grand Jury Still Working on Criminal Docket—Several Cases Tried in Superior Court.

It is understood that the grand jury is still busy on the criminal docket for this term of Superior Court and that the probing of alleged election frauds will hardly begin before this afternoon or tomorrow. There were 39 cases on the calendar and the grand jury has already passed upon a number of these.

A true bill was returned yesterday afternoon against Mr. C. D. Gilbert, a commission merchant, who is charged with receiving stolen goods, knowing them to have been stolen. The case is in connection with the charges against several negroes, who are charged with stealing hides from J. J. Hopkins, Son & Co. The negroes sold the hides to Mr. Gilbert.

When court was adjourned yesterday afternoon shortly after 5 o'clock, the trial of John Cooper, a colored boy, was in progress. He is charged with having stolen a watch from William Holmes, also colored. He is represented by L. Clayton Grant, Esq.

All the forenoon was taken up with the trial of C. T. Lewis, a young white man from Brunswick county, who is charged with larceny by trick. The jury returned a verdict of guilty in one case and he entered a plea of guilty in another. It is alleged that Lewis got merchandise from several wholesale houses in Wilmington by ordering them in the names of people in Brunswick county. The goods were sent to one of the wharves in the city to be sent to Brunswick and it is alleged that Lewis then took the goods and disposed of them. Hon. John D. Bellamy assisted the State in the prosecution and Woodus Kellam, Esq., appeared for the defendant.

Elsie Smith, colored, was tried on a charge of retailing and found guilty. No sentences were made yesterday by Judge Rountree.

EXPENDITURES OF CITY FOR LAST THREE MONTHS.

City Clerk and Treasurer Issues Statements Giving Itemized Account.

Capt. Thomas D. Meares, city clerk and treasurer, has issued a statement giving the amounts expended by the city for the several departments for the three months ending September 1st. The totals for the different departments are as follows:

General Expenses — Appropriations for year, $22,110; audited, $6,646.57; unexpended, $15,463.43.

Police—Appropriation for year, $45,967; audited, $12,174.92; unexpended, $33,792.08.

Fire—Appropriation for year, $39,830; audited, $10,403.01; unexpended, $29,426.99.

Streets and wharves—Appropriations for year, $46,278; audited, $15,951.62; unexpended, $30,555.26; overdrawn, $228.88.

Garbage—Appropriation for year, $3,650; audited, $1,022.02; unexpended, $2,627.98.

Scavenger—Appropriation for year, $9,442; audited, $2,563.28; unexpended, $7,021.14; overdrawn, $142,42.

Markets—Appropriation for the year, $1,850; audited, $333.73; unexpended, $1,516.27.

Street lighting—Apropriation for the year, $19,000; audited, $4,577.15; unexpended, $14,422.85.

Health and hospitals—Appropriation for the year, $29,181; audited, $8,768.59; unexepnded, $20,412.41.

Coupon and interest account—Appropriation for the year, $99,000; audited, $30,190.69; unexpended, $68,809.31.

Totals—Appropriations for the year, $316,308; audited, $92,631.58; unexpended, $224,047.72; overdrawn, $371.30.

HARME PLAYERS PLEASE

Large Audience at The Victoria As Season Opens for Fall

The Harme Associate Players, employed as a stock company by the Victoria, have opened the season at this theatre with "The Lion and the Mouse", and the audiences that have attended have been highly pleased with the presentation made by this company of this well known play. The roles played by Miss Ragan and Mr. Harper have been especially commended and the other members of the company are good.

The new arrangement by which reserved seats can be purchased in advance for a play is believed to be an improvement that will meet with popular approval. Mr. Marx S. Nathan, the popular manager, who has had long experience in the theatrical business, is well pleased with the prospects for a successful season. It is his intention to provide high class entertainment at reasonable prices.

MRS. B. C. BODWEN DEAD.

Highly Respected Christian Woman Died at Home in Kenansville.

Mrs. B. C. Bowden, mother of Mrs. J. C. Shepard and Mr. R. C. Bowden, both of Wilmington, passed away at her home, in Kenansville, yesterday morning at 10:40 o'clock, after an illness of several months. She was 68 years old. She was stricken with paralysis last May and never recovered. She is also survived by a son, Mr. James Bowden, of Kenansville.

All the members of the family were present when the end came. They will have the tender sympathy of a host of friends in their bereavement.

The funeral will be held this afternoon at 2 o'clock and the interment will be in the family burying ground at Bowden's.

Mrs. Bowden was a highly respected Christian woman and was greatly beloved by a wide circle of friends.

Funeral of Miss Pridgen.

The funeral of Miss Kate Pridgen, whose death occurred Monday night at her home, No. 703 South Seventh street, will be held from the Church of the Good Shepherd this morning at 10:30 o'clock. The services will be conducted by Rev. W. R. Noe, assisted by Archdeacon Thos. P. Noe. The interment will be in Bellevue cemetery.

TELLS OF ROCHESTER TRIP

Dr. Nesbitt Found Markets There No Better Than in Wilmington—Meeting of Health Board.

"Taking it all the way around, our markets are as good as those in Rochester, N. Y.," said Dr. Charles T. Nesbitt, county health officer, in making a report of his recent visit to that city to attend the meeting of the American Health Officers' Association. Dr. Nesbitt was accompanied by Dr. T. B. Carroll, meat and milk inspector for the city of Wilmington.

Dr. Nesbitt returned yesterday and last night talked most interestingly of his trip at the regular meeting of the Board of Health. Chairman W. A. McGirt presided and the other members in attendance were Mayor Moore, Prof. Washington Catlett and Dr. C. P. Bolles. Dr. John Thames, assistant county health officer, kept a record of the proceedings.

The reading of the monthly reports was dispensed with as they had been printed in the monthly bulletin issued by the department. Chairman McGirt thought that copy of the bulletin should be sent to the ministers of the city. Dr. Nesbitt stated that the bulletin was being sent to 200 or more names outside of the city, as well as being widely circulated in Wilmington. The bulletin gives a complete resume of the work of the department and is a very creditable periodical.

Dr. Nesbitt told the members of the board that his trip to Rochester was a source of gratification in one respect and of disappointment in another. He stated that while the papers were of a high order most of them were by men of limited experience in public health work. However, the discussions proved to be very profitable and leading men of the country in public health work took part. He found that the greatest personal benefit he received was in meeting those leaders and discussing with them personally some of the problems that have to be dealt with in New Hanover.

He was given an opportunity to inspect the markets in Rochester and found that on the whole they were no better than those in Wilmington. He noted a refrigerating show case which he thought would be a splendid improvement to be installed in Wilmington.

Prof. Washington Catlett told the members of the board that he had been especially pleased with the healthful condition of the children of the schools of the county. He has found scarcely any evidence of the hook worm.

Dr. Nesbitt reported that a list of those who have failed to make sewer connections is being prepared to be submitted to the grand jury in accordance with the instructions given him by the board at the August meeting.

Dr. T. B. Carroll, meat and milk inspector, submitted his report, which follows:

"I made 33 inspections of dairies and dairy farms, and with the exception of wet barn yards, which are due to excessive rains recently, the sanitary conditions are good. The bacterial counts and butter fat tests are as follows:

	Butter Fat, Pct.	Bacteria Per cc.
A. O. McEachern (Echo Farms)	3.9	2,000
Charles Rogers	4.1	20,000
L. L. Newell	4.2	25,000
Darden Dairy	4.1	25,000
Holland Dairy	4.2	30,000
Cape Fear Dairy	4.3	35,000
Barlow Bros.	4.0	35,000
O. Martindale	4.4	40,000
A. G. Warren	4.9	50,000
D. F. Klein	4.2	100,000
W. M. Collins	4.2	100,000
H. L. Kidd	4.2	160,000
E. C. Craft	4.6	250,000
H. A. DeCover	4.1	275,000
H. C. Blake	4.3	400,000
E. S. Buck	4.0	1,200,000
W. A. Spencer	4.3	2,000,000

I made 461 examinations of fresh slaughtered meats as follows: 229 cattle, 67 calves, 163 sheep, 2 goats, with 2 calves condemned as unfit for food purposes.

Dr. John Thames, assistant county health officer, reported that there are now only two cases in quarantine, one of diphtheria and one of scarlet fever. There are no cases in quarantine in the county. There were 52 permits issued to the James Walker Memorial Hospital. Only one case of typhoid was reported.

Mr. H. R. Aiken, food inspector, submitted the following report of his work during August:

"I have graded and scored 70 food and drink establishments and made a total of 166 inspections in addition, as follows: Meat markets, 38; soda fountains, 29; ice cream and confectioners, 37; restaurants, 26; bakeries, 6; groceries, 18; fish and oyster stalls, 8; hotels, 2; commission houses, 2.

"In addition I have secured samples of milk and ice cream from some of the local ice cream factories, for analysis at the laboratory and have endeavored to be of assistande to proprietors of a number of the local food establishments who are endeavoring to bring their scores up.

"A gratifying fact in connection with our efforts to safeguard the local food supply is the fact that local merchants, on several occasions, on receiving consignments of food unfit for food, have voluntarily asked the health department for condemnations, and these condemnations have been promptly made. Co-operation of this kind on the part of our merchants bespeaks their desire to protect their customers as well as themselves.

"The scores of the different food shops for August are, in my opinion, good on the whole. While several of the shops leading last month lost slightly for August, this, in most cases, was due to factors over which the merchants had no control, and not to carelessness on their part. Several brought about marked improfement, notably the New York restaurant, showing an increase of 10 points over the July score.

The scores for the different establishments in the city, as made by the food inspector follows:

Soda Fountains—United Cigar store, 93.3; L. B. Sasser, 89.4; J. T. Newman, 88.7; Wilmington Cigar Co., 88.5; John W. Plummer, 88.1; Woodall & Sheppard, 87.8; Elvington & Mintz, 84.8; Charles F. Green, 83.4; Payne Drug Co., 83.3; E. M. Cheek, 81.5; Warren's Cigar store, 81.1; Baxter Tobacco Co., 80.3; J. F. Jarman, 79.3; M. L. Starkey, 79.1; Shepard Cigar Co., 75.6; J. Hicks Bunting, 73.8

Ice Cream Parlors and Confectioners—N. Kostelos, 91; Mathews Candy Co., 88.6; Xanthos Bros., 84.5; W. A. Kontruukias, 79.5; Saffo Bros., 74.2; Mitchell Mansuras, 73.6; North Pole Confectionery, 70.4; John Phillips, 70.3; D. Stephanadis, 69.3; Brooklyn Candy store, 68; John Andrews, 67.9; Coutroukias Bros., 57; Mitchell Paturis, 56.

Restaurants—Newman's, 86.4; Gieschen Bros., 84.4; Star, 78.6; Olympia, 77.2; Dixie, 76; Crumpler & Scott, 73.3; Coast Line, 72.4; Savage & Savage, 68.9; New York, 66.

Bakeries—Globe, 90.9; Farris, 82.2; Royal, 76.5.

Ice Cream Factories—Warren's, 90.4; Plummer's, 84.6; Frost, 76.3; Woodall & Sheppard, 71.5; Mathews Candy Co., 65.9; Mitchell Paturis, 65.6; Controukis Bros., 62.8; John Andrews (Crystal Palace), 59.8; Brooklyn Candy store, 59.5; North Pole Confectionery, 58.3; D. Stephanadis, 58; Saffo Bros., 57.4; John Phillips, 52.5.

Meat Markets—White Market, 93.9; New Way, 93.5; Pure Food Market, 74.8; Palace Market, 72.6.

Groceries—Hall & Ross, 93; Thomas Grocery Co., 86.5; Wilmington Grocery Co., 80.5; W. M. Atkinson, 76.9; Peoples Supply Co., 76.7; Brunswick Grocery Co., 73.9; S. W. Sanders, 72.4; J. E. Marshburn, 58.5.

Fish Stalls—R. C. Fergus, 76.5; O. R. King, 75.5.

Delicatessen—B. May, 60.9.

Commission Houses—W. J. Kirkham, 72.5.

Mr. George F. Catlett, city chemist and director of the laboratory, reported that during the month he made 687 bacteriological tests and 1,085 physical tests of samples of water from the water plant. In addition to this work 428 chemical tests and 257 bacteriological tests of other articles, including milk and city water samples, were made.

Mr. Otto Genaust, plumbing inspector, reported that during August there were 307 fixtures installed, 120 houses connected to sewer, 74 laterals laid, 192 permits granted, 109 inspections made and four condemnations.

Mr. E. Piner, chief of the sanitary police, reported that during August there were 14,685 inspections made, 2,319 closets condemned and ordered cleaned and 68 complaints made. The number of closets cleaned as reported by Mr. Holden was 2,430.

Miss Pinner, the county health nurse, reported that during the month she made 86 visits and had one infant under her care.

SEVERAL NEGROES ARE HURT

Long Excursion Train Ran Into Open Switch at Navassa and Bumped Into Switching Engine

An Atlantic Coast Line excursion train of 17 cars in which there were 975 passengers ran into an open switch at Navassa yesterday morning at 11:55 o'clock and bumped into a switching engine injuring about 15 negroes in the front car. Fortunately the train, which was in charge of Conductor Jarrott with Engineer Cox at the throttle, was making a speed of only about 15 miles an hour and nobody was seriously hurt. Had it not been for a sharp curve, which kept the engineer from seeing the engine, the collision would likely have been avoided.

After a few minutes delay the train was brought to Wilmington and the injured passengers were treated at the office of the A. C. L. Medical examiner, Dr. P. P. Causey, and by Dr. R. B. Slocumb, local A. C. L. surgeon. They were all able to leave in a short time and join the other excursionists, who left the city last night about 9 o'clock.

The train was made up of two excursions, one starting at Sumter, S. C., and the other at Aynor, S. C., the two meeting at Chadbourn and consolidating into one. There were 15 passenger coaches and two baggage cars.

Both pilots of the locomotives were demolished and the platform of the first passenger car was badly damaged and a number of windows were broken out in the front car. It was on this platform the most of the injuries were received and from flying glass from the inside of the car. Although the Coast Line officials are making a close investigation, they have as yet been unable to place the blame.

SEASON'S FIRST ATTRACTION.

"Damaged Goods" Witnessed by Appreciative Audience—Strong Cast.

The management of the Academy of Music was so well pleased with the close attention which the audience gave the opening attraction, "Damaged Goods," last night that it is probable that the play will be brought back for a second presentation at an early date.

The cast is a strong one, and each member is well adapted to his part. Herbert Delmore, as the young husband, who faltered, by the realistic manner in which he portrayed his bereavement, won the sympathy of the audience, as did Miss Margaret Iles, who played the part of his wife.

Mr. G. N. Duthie, as the doctor, was the real actor who filled his place perfectly, while Mr. Ben Wilson was especially good as a typical French deputy and a man imbued with the passions and ideas of the average citizen.

The stage scenery was tastefully and well laid. The play has a move to it that keeps one from feeling a desire for further advancement into the plot, only as it is outlined. In a word, it is a well planned play that entertains, as well as teaches a moral lesson, much needed.

NOTICE TO MARINERS.

Changes Relation to Lights on Coast of Carolinas.

The following items of interest in local marine circles are taken from the "Notice to Mariners" of September 11, published by the U. S. hydrographic office:

"North Carolina—Pamlico River—Bath Creek Light—Color of structure to be changed.—About September 17, 1915, the structure from which Bath Creek light is exhibited will be changed to show a white bull's eye in the center of each side of the black daymark.

"South Carolina—Little River Inlet—Bird Island—Beacon rebuilt.—Little River Inlet beacon, on the western end of Bird Island, which was carried away, has been rebuilt."

Fire at Bolton.

A telephone message received yesterday afternoon by Mr. J. E. Klinger, the manager, who was in Wilmington on a visit, stated that the hotel at Bolton was partially burned by fire which started from the kitchen stove of the house early yesterday afternoon. The damage is about $1,000, partially covered by insurance. The fire brigade of the Waccamaw Lumber Co., succeeded in extinguishing the flames before the building was completely destroyed.

Rivival Service at South Wilmington.

Rev. W. G. Hall, pastor of Southside Baptist church will hold a revival meeting next week at the South Wilmington school house, four miles south of the city. The meeting will begin Monday night and last throughout the week. All services will begin at 8 o'clock. There will be a lay service Sunday night.

"Old and Strong"

The People's Savings Bank

Cor. Front & Princess Sts.

Probably a Dog Thief.

A negro pretending that he was in search of work as a ditcher operated along the Castle Haynes road yesterday and as a result of his peregrinations, it is reported, that several fine dogs have disappeared in that section. Mr. G. W. Trask lost two pretty, little fox terrier pups, three months old, and the negro led by a chain a large bull dog that is also supposed to have been stolen. He was making for the city, probably in an effort to sell the animals and the police have been asked to exercise a look-out for the man.

Going for a Hike

Mr. C. Walton Johnson, secretary of Boy's Work of the Y. M. C. A., will take a group of boys for a "weiner" roast near the Country Club Friday evening from 5 to 9 o'clock. A most enjoyable time is anticipated and many playful games will be played and interesting contests entered into that will be interesting to boys. All boys over 12 years of age are invited to join the party.

Madame Vaughn

Life's Mysteries revealed through the gifted powers of Trance and Combined Science of Astrology, Psychology and Phrenology.

There should be no doubt in the minds of any one concerning the ... and ability of the noted Tra... dium, who is now located at ... Park Gardens, for she has ... strated her power in a we... manner to a number of local p... Wilmington and all who have ... viewed her have left more tha... fied that she can confirm all he... ments concerning her ability.

COLORED MAN DROWNED

Fell Overboard from Wharf While Fishing at Foot of Orange Street

A colored man whose name could not be learned was drowned at the foot of Orange street last night at 6:30 o'clock while fishing from the wharf of the Wilmington Iron Works. The body was recovered last night a few minutes before 12 o'clock by Mr. R. E. Hewett, watchman at the Wilmington Iron Works, and several other men, who made a thorough search of the river in that vicinity. The body was found a short distance down the stream from where he went down and was turned over to W. C. Arnold, the colored undertaker, who will keep it until it can be identified.

Mr. Hewett stated last night that at 6:30 o'clock the cook on the Emily B called to him that man had fallen overboard from the wharf. Mr. Hewett ran out but saw nothing except a slight disturbance of the water. After being unable to see anything of the negro, he notified the police department of the drowning and then with the assistance of Mr. Hobbs and several other young men began to drag the river for the body. The negro appears to be about 30 years old.

FEDERAL COURT ADJOURNS.

Arguments Heard Yesterday by Judge Connor in Two Admiralty Cases.

Judge H. G. Connor, of Wilson, spent yesterday in Wilmington and heard the arguments of attorneys in two admiralty cases in Federal Court. The cases were taken under advisement by Judge Connor, and he will render his decisions later.

The first case was that of Fields S. Pendleton, owner of the schooner Adelbert Ames, against the steamer Wilmington. Hon. John D. Bellamy appeared for the libellant and ex-Judge E. K. Bryan and Herbert McClammy, Esq., for the defendants.

The second case was that of Maffitt & Wood against the owners of the barges Flora and Leverine. A. S. Williafs and Robert Ruark, Esqs., represent the libellants and Hon. John D. Bellamy appears for the defendants.

LIGHT DOCKET YESTERDAY.

Recorder Has Few New Cases—Violators of the City Ordinances.

There were only two cases disposed of at the Recorder's court yesterday, and one other given a hearing. G. G. Thomas, Jr., a young white man, was required to pay the costs of a case against him for violating a traffic ordinance. Sterling Craig, a white man, was tried for obstructing the sidewalk and found guilty. Judgement was suspended against him upon payment of costs.

Tom Payne, colored, whose case had been given a hearing Monday, was given another hearing yesterday, but continued. Herbert Brown, colored, was called on a charge of aiding and abetting, but failed.

From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Strayngе.

"Last year, I got almost down with my back," writes Mrs. H. T. Strayngе of Gainesville, Ga., R. No. 3. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

R. R. Bellamy, Druggist.

PERSONAL PARAGRAPHS.

—Dr. S. A. Smith, Dr. Coleman and Messrs. Frank Bowers, J. D. Gebott and J. E. Klinger, of Bolton, spent yesterday and last night in the city

—Capt. L. F. Packer, who is well known here, having been in charge of the Navahoe for a long time, was recently made captain of the Cherokee.

—The many friends of Mr. Heman S. Shaw, principal of the Wilmington High School, who recently underwent an operation for appendicitis at the James Walker Memorial Hospital, is able to be out again.

—Dr. Charles T. Nesbitt, county health officer, and Dr. Thomas B. Carroll, meat and dairy inspector, who have been attending the annual meeting of the American Health Officer's Association, at Rochester, N. Y. returned to the city yesterday.

—Mr. George Meares, who is now an officer on a steamer running between New York and Port Arthur, Texas, is spending a few days in the city with his parents, Mr. and Mrs. Iredell Meares, and is being cordially greeted by his many friends here.

—The following were among the North Carolina arrivals at the Wilmington yesterday: W. E. Shaw, Red Springs; B. A. Anderson, Tabor; Miss Janis Clark, J. A. Lyon, H. L. Williams, Ralph Boring, Elizabethtown; J. W. Florida, Newbern; W. Worth Dean and family, Bolton; S. L. Presson, R. H. Haley and J. M. Atkins, Charlotte; Miss Hester Ann Farrior, Kenansville; Mrs. Henry Forey DuVaul and Miss Rea Forey Duvaul, Whiteville; J. D. Hughes, Tabor; Mrs. R. B. Whitaker, Vineland.

LOCAL DOTS.

—A deed was filed for record yesterday by which Kinsey Hobbs and wife transfers to Wm. D. Jones and wife, for $100 and other considerations, lot No. 66 at Carolina Court.

—Mr. S. C. Clapp, field inspector for the Agricultural Department, at Raleigh, was in the city yesterday and made the annual inspection of the Audubon Nursery. He found the nursery in good condition and the plants free from dangerous diseases.

—Mr. T. R. Ames, who left his automobile in front of Honnett's, on Front street last night about 9:30 o'clock, found upon his return shortly after, that two tires, placed in the rear of the machine, to be used in emergency cases, had been stolen. One of the tires was new.

—In an effort to avoid a collision with a Carolina trolley car, Mr. C. S. Burnett, who was going north on Front street near Chesnut in a Ford automobile, collided with a Saxon car hich was standing near the curbing and the mud shields on both cars were mashed up but otherwise no damage was done, yesterday afternoon at 6:30.

Mail Delivered at Beach.

Through the efforts and influence of the Tidewater Power Company, the postoffice department has been induced not to completely cut off the mail service to Wrightsville Beach as announced a few days ago. There will be one delivery daily except Sunday, until October 1st. Today was to have been the last day mail was sent to the beach.

RALEIGH VOTES $100,000 FOR NEW SCHOOL BUILDINGS

Vote Was Almost Unanimous in Election Held Yesterday.

(Special Star Telegram.)

Raleigh, N. C., Sept. 14.—Raleigh carried today by an overwhelming majority the election for $100,000 bond issue for public school buildings. The special registration was 1,625 and the vote cast for bonds was 1,277, and against bonds, 60.

The school board will proceed at once to build a new fire proof Murphy school building to take the place of the one damaged by fire, probably selling the old building and site and purchasing another site. Also a fire proof building will be erected for Glenwood suburb, and improvements made in other school buildings.

The Murphy school children will be quartered temporarily in the Montague building, that was the temporary post office two years past.

EXPLOSIVES FOUND ABOARD.

Two Suspected Bottles Taken from the Steamer Lapland.

New York, September 14. — Two bottles, believed to contain a high explosive, were found late tonight on the White Star liner Lapland, at her pier in the North river. The Lapland was to sail for Liverpool tomorrow. Inspector Owen Eagan, of the bureau of combustibles, took charge of the bottles and will determine their contents tomorrow.

The Lapland reached New York last Friday from England, and had as passengers the commissioners to arrange the Anglo-French loan.

Later Inspector Eagan said that from a superficial examination the bottles appeared to contain himh explosives. The bottles were of thin glass and so placed that the motion of the ship would roll them together and easily smash the fragile glass, permitting the liquids to mingle, and thus cause an explosion.

The bottles were found by a boss stevedore, who was inspecting the cargo at the close of the day's loading operations.

AIMED AT FATHER; KILLED CHILD.

Louisiana Negro Will Probably Be Lynched If Caught.

Kinder, La., Sept. 14.—Posses with bloodhounds tonight were searching for Zebe Johnson, a negro who today shot and killed the three-year-old daughter of O. E. Dean, manager here of a naval stores company, and seriously wounded Dean. Lynching was threatened if the fugitive was caught.

Johnson and another negro had quarreled and the latter went to Dean's home for protection.

Johnson followed and when denied admission fired at Dean, the load of shot killing the child. A second load struck Dean in the hip.

San Francisco, Sept. 14.—Officers of the Daughters of the American Revolution began a series of business sessions at the Panama-Pacific Erpositions grounds today. Reports from the various states were read by the vice presidents general, regents and state chairmen. Mrs. William Cummings Story, the president-general, reviewed in an address the organization's work during the year. The sessions are executive.

All Babies Destined to Great Achievement

To be born is to be great. For there are possibilities in every tiny human infant. And for this reason every one should remember that whatever is done to aid the mother, to relieve her of distresses during her trying months, will surely be of marked benefit to the child.

Among the sterling aids is a splendid external remedy known as "Mother's Friend." It is what is called an embrocation. It is applied to the abdominal muscles, gently rubbed in by your own hand guided by your own mind. It makes the muscles pliant, they expand quite naturally and the effect upon the nerves is such that they adjust themselves to the process of expansion so that pain from this source is almost eliminated. Women who use "Mother's Friend" refer to the absence of morning sickness, they are relieved of a great many minor distresses, all apprehension disappears and those peculiar nervous "fidgets" no longer disturb the nights. It is well named "Mother's Friend." Get a bottle today of any druggist. Then at once write for a most entertaining and instructive book for all prospective mothers. Address Bradfield Regulator Co., 705 Lamar Bldg., Atlanta, Ga.

This book explains the physical action of "Mother's Friend," tells why it enforces strength to the muscles and relieves undue strain. It also contains letters of experience from many happy mothers. It is just such a handy little book as every woman will at once recognize as just what she had always wished to read—plain facts about herself. The book is mailed free to any address. Write for it today.

ATTRACTIVE FOLDER ISSUED

Carolina Trucking and Development Company Advertising Advantages of Wilmington Section.

"In the Great Winter Garden" is the dominant thought in an exceedingly attractive folder, done in colors, and just issued by the Carolina Trucking and Development Company, of this city.

The folder is issued in furtherance of the several farm development enterprises of this company in this section of the State and it is richly embellished with most attractive photographs of just what can be done in the way of intensive agriculture and horticulture in what the Bureau of Soils, Department of Agriculture, is pleased to designate as the "Great Winter Garden" section, this being a narrow belt along the South Atlantic coast extending from central Delaware and Maryland on down the Atlantic to Florida. A map of this favored strip of land along the coast is presented in the folder with extracts from the United States Bureau of Soils descriptive of the "Norfolk Fine Sandy Loam" in the Wilmington district.

Among the cuts presented in the folder is one showing a lay-out of the St. Helena Farms, in Pender county, possibly one of the most successful of the several developments of this enterprising company. There is also a facsimile letter by Mr. H. C. McQueen, president of the Murchison National Bank, possibly the largest and most influential financial institution in the State, testifying to satisfactory business relations with this company for a number of years and paying high tribute to Mr. Hugh MacRae, president of the company, and one of the most constructive business men in North Carolina.

The folder is replete with information about this section, many government reports as to climate and weather conditions are quoted, while there is very complete information about the soils and the social conditions which make residence desirable here.

There are views of a scuppernong grape vine, a native grape of peculiar excellence, typical bungalow and farm cottages in St. Helena colony; corn, peas, oats and vetch growing in the fields, a field of peppers, pear trees, strawberry and Concord grape culture, harvesting of hay and cotton, potatoes, lettuce, etc. One large double page in the centre of the folder gives striking views of the business district and water fronts of Wilmington, while Wrightsville Beach is also featured as a place of recreation and pleasure, accessible to the farming communities of the C. T. D. Company. Photographs are also given, emphasizing the posibilities of dairying, stock and poultry raising, etc.

These photographs are largely from a private collection of Mr. R. M. Sheppard, secretary of the company, who spent much time and gave much care to the compilation of a booklet which is not only highly creditable to the Carolina Trucking Development Co., but to all this section of the Carolinas.

A most interesting feature of the folder is a "Crop Calendar from the Wilmington District," which schedules the crops to be planted and harvested for every month in the year. A copy of the booklet may be had by application to the company.

WINNERS OF PRIZES

Of New Hanover Fishing Club for the Month of August

Messrs. J. H. Mitchell, O. P. McIver, Rev. H. W. Koelling and Mr. E. D. Harvey are the winners of the channel bass prizes in the August contest of the New Hanover Fishing Club, the announcement having ben made by Chairman Burke H Bridgers of the Contest Committee. The gentlemen are awarded the prizes in the order named.

The first prize, won by Mr. Mitchell, was 200 yards of line donated by the N. Jacobi Hardware Company, and was for a fish weighing 14 pounds, caught at Shell Island August 27.

Mr. McIver took the second prize, $3 worth of merchandise donated by the S. H. Kress Company, for a fish weighing 13 pounds, 12 ounces, caught at Mason's Inlet August 21st.

Third prize, 5 gallons of Polarine oil donated by the Standard Oil Company, went to Rev. H. W. Koelling for a fish weighing 12 1-2 pounds, caught at Shell Island August 27th.

Mr. Harvey took fourth prize, a case of tomatoes given by S. P. McNair, with a fish weighing 11 pounds, 4 ounces, caught at Mason's Inlet August 21st.

These fish ran smaller than is usually the rule during August, but according to all indications the prize winners for September will all have to be upwards of 25 pounds. Several fish weighing over 30 pounds have already been caught, and one weighing 39 1-2.

The big blue fish are also beginning to make their appearance, and it is expected that the entries in this class will be swelled during the next few weeks.

WANT MORE TEACHERS

Board of Education in Regular Session Hear Reports

There was no definite action taken Monday afternoon by the New Hanover county Board of Education on the matter of supplying extra teachers for some of the schools. Chairman J. O. Carr presided at the meeting, all members being present. Also Prof. Washington Cathlett, county superintendent, was in attendance.

There were two requests for teachers. A petition was received from Sunset Park ,asking for a teacher for that suburb, the residents offering to furnish a building and fuel. The census shows 32 pupils in that suburb. The Board was inclined to grant the request if legally justified in so doing. They expect to take action on this matter at an early date.

The other request was from the Wrightsville school for an extra teacher but it was decided that no action be taken until after the attendance of the first month was shown.

Temporary repairs were ordeed to be completed for the Union school and proper certificate from competent parties to be secured as to its safety. Reports indicate a large attendance at the rural schools which opened Monday .

Becomes Advertising Manager.

Mr. Julius Taylor, who has been with J. M. Solky & Co. for a number of years has been employed by Messrs. Howard and Wells as advertising manager of the Royal theatre. Mr. Taylor is an experienced advertising man and well equipped for his new duties. He will begin his new work on September 18th. The Royal will be opened to the public some time next week . Mr. D. Montrose Bain is publicity man for both the Royal and the Bijou theatres both of which are owned by Messrs. Howard and Wells.

COTTON GOES STILL HIGHER

[illegible]s to 10:05; General List Net Advance of 13 to 15 Points

New York, Sept. 14.—Still higher cotton prices were established today with December selling to 10.95, or 17 points above last night, and with the general list closing strong, 13 to 15 points up net.

Liverpool's firmness and reports from southern spot markets caused an opening advance of 5 to 8 points, with October at 10.49 and January at 11.03, representing new high ground for the movement. A more optimistic view of international politics and reiterated predictions of a big export improvement should the proposed foreign loan be consummated, encouraged bullish sentiment but very heavy general realizing soon turned prices easy.

Private wires reporting increased spot offerings in the interior, and prospects for continued good weather, probably stimulated profit taking and prices gradually worked off to a net loss of 3 to 6 points with October selling at 10.39 and January at 10.90 around midday.

Offerings became less active at this setback however, and the market later developed renewed firmness on general Wall street and commission house buying which seemed to be inspired by reports of a more satisfactory German attitude on the subbamrine dispute. Prices made aew high ground for the season in late trading, with October at 10.57 and January at 11.11, the latter showing an advance of more than two cents per pound from the law level of last July and selling above the best level reached on the bull movement of last spring. Closing prices were within 2 or 3 points of the best.

The census report showing domestic mill consumption of 464,486 bales lint, for August, against 383,680 last year at tracted comparatively little attention. Futures closed steady.

NEW ORLEANS COTTON.

Market Bulges a Dollar a Bale in Last Few Minutes—Close Higher.

New Orleans, Sept. 14.—After a quiet session today cotton bulged a dollar a bale in the last few minutes and closed at a net gain of 13 to 19 points. Heavy buying was excited by a rumor that Germany had reiterated her promise not to sink merchant ships without warning. Previous to this rumor the market promised a dull close, but hardly without warning the ring turned into a struggling mass of brokers, prices were shot upward in a spectacular way and the close was strong.

Around the opening the market went 4 to 7 points over yesterday's close. The August consumption figures were not up to recent bullish forecasts, and disappointment soon was translated into selling orders. The market sagged, finally standing 5 to 8 points under yesterday's close. Later a few points were recovered and the markets stood two points down when the rumor concerning Germany was circulated. In a very few minutes the market rose 18 to 22 points on the most options.

Futures closed strong at an advance of 13 to 19 points. Close: October, 10.54; December, 10.88; January, 11.05; March, 11.33; May, 11.53.

Spot steady and unchanged. Sales on the soot 1,700 bales; to arrive, 2,250; middling, 10.00.

WHEAT MARKET UNSETTLED

Cold and Snow in Canada and Rains in Dakotas and Minnesota Cause Advances.

Chicago, September 14. — Cold and snow in Canada, with rains in the Dakotas and Minnesota, threatening delay to the spring crop movement, resulted today in higher prices for wheat, but the advance was not well maintained. The market closed unsettled at the same as last night to 1⅛ higher, with September at 1.01¼ and December at 95⅝. The outcome in corn varied from ¼ decline to a rise of ⅜@½; oats finished ⅛ to ¼ up, and provisions at a gain of 25 to 45 net.

Grain and provisions closing:

Wheat—September, 1.01¼; December, 95⅝; May, 99.

Corn—December, 56⅞; May, 58.

Oats—December, 36¼; May, 38⅛.

Pork—October, 12.75; January, 15.30.

Lard—January, 8.72.

Ribs—October, 8.25; January, 8.57.

Cash grain:

Wheat—No. 2, red, nominal; No. 3, red, 1.0½@1.11; No. 2, hard, nominal.

Corn—No. 2, yellow, 77@77½.

POULTRY—Chickens, grown, 35 to 40c; spring, 15 to 30c per head; good demand. Turkeys, out of season.

EGGS—23c. to 25c.

COTTON STOCK MARKET.

New York, September 14. — Cotton seed oil was strong and higher on active short covering, prompted by the scarcity of crude offerings and the strength in lard and cotton. Final prices were 29 points higher for September and 12 to 15 net higher for later months. Sales, 23,300 barrels. Prime crude, 5.13@5.33; prime summer yellow, spot, 6.30; September, 6.34; October, 6.25; November, 6.24; December, 6.28; January, 6.37; February, 6.42; March, 6.52; April, 6.55.

Prime winter yellow, 6.50@7.00; prime summer white, 6.40@7.00.

STOCK MARKET IRREGULAR

Saved From Sheer Stagnation by Professional Manipulation in War Shares.

New York, Sept. 14.—Today's dull and irregular stock market was saved from sheer stagnation by professional manipulation in war shares.

Bethlehem Steel rose 14 1-2 points to 349 1-2, a new record. Crucible Steel, which led the market in activity, rose 5 to 95 3-4. Crucible, preferred, rose 2 to 107 1-2. Other stocks of that class gained 1 to 2 points.

The movement in war shares was the more notable because of the apathy toward investment issues which were mostly lower when quoted at all. Rock Island became strong toward the close on word from Chicago that money to meet impending interest obligations would be provided. United States Steel rose and fell within narrow limits, being subject to steady pressure. Total sales were 445,000 shares.

Conservative Wall Street devoted most consideration to the negotiations with the Anglo-French credit commission and Washington's exchange of views with Berlin. Opinions of bankers respecting the proposed international loan are not unanimous. Exchange markets continue more or less nervous, but reduction of offerings on London has made for some steadiness in remittances to that center.

London and Europe again were sellers here, but in comparatively small amounts. Prices for Americans were 1 to 2 points lower abroad, but these quotations were not met here.

The bond market was irregular at the outset, but made general improvement later. Total sales, par value, aggregated $2,655,000.

United States bonds were unchanged on call.

WAYNE FARMER DIES SUDDENLY

Death of Mr. D. H. Frazier Occurs While He is on Way to Town.

(Special Star Correspondence.)

Goldsboro, N. C., Sept. 13.—Mr. D. H. Frazier, a wel lknown farmer of this county, died suddenly Saturday while en route from his country home to this city, where he had many friends and reiatives. He is survived by one son, Mr. J. J. C. Frazier, and two daughters, Mrs. C. D. Thompson and Mrs. Frank Edgerton, of this county. The funeral Sunday was largely attended.

White Sulphur Springs, W. Va., Sept. 13.—The condition of Justice Joseph R. Lamar, of the United States Supreme court ,is slightly improved. He is still confined to his room and his illness is not considered serious.

VALUABLE LAND SALE.
(2880 Acres.)

By authority given me by a meeting of the Directors and also of the Stockholders of the Town Creek Railroad and Lumber Company, I will offer for sale, at 12 o'clock M., September 20th, 1915, to the highest bidder, at the Court House door in Wilmington, N. C., the following pieces or parcels of land, lying and being in the County of Brunswick, State of North Carolina, to-wit:

1st Tract:—

Adjoining the lands of W. W. Drew and the Green Hill land, and lying in the fork of Town Creek and Lewis' Mill Swamp, containing 858 acres.

2nd Tract:—

A tract known as the Paxton-Potter land, containing 125 acres.

The two above tracts of land conveyed to Georgiana W. Rabon by Mary J. Duncan, and others, April 25th, 1905, by deed recorded in Book WW, page 483, of the Records of Brunswick County.

3rd Tract:—

A tract lying on the eastern side of Lightwood Knot Branch, in Town Creek Township, containing 100 acres, and being described in a grant to James Potter, December 1st, 1846, and recorded in Book O, page 276, of the Records of Brunswick County.

4th Tract:—

A Tract lying on the south side of Lewis' Swamp, known as the Boone Tract, containing 200 acres, and described in a grant to Alfred Boone, September 6th, 1847, and recorded in a grant to Alfred Boone, September 6th, 1847, and recorded in Book O, page 281.

5th Tract:—

A Tract lying on the south side of Scraping Hole Branch, containing 100 acres, and described in grant to G. W. Potter Dec. 26, 1846, and recorded in Book YY, page 139.

6th Tract:—

A Tract on both sides of Bee Tree Branch, containing 100 acres, and described in grant to T. B. Rabon, Dec. 19, 1876, and recorded in Book X, page 209.

7th Tract:—

Lying on and between Tompkins' Branch and Lewis' Branch, containing 300 acres, excepting 50 acres sold to Kennith Cumbee, Feb. 25, 1834, the said 300-acre tract being the same as conveyed by John Skipper to Daniel Howard, recorded in Book R, page 308.

8th Tract:—

A Tract lying on Lewis' Swamp, containing 250 acres, and being same deed by T. G. Sellers to G. W. Rabon, Oct. 7, 1839, by deed recorded in Book Y, page 457.

9th Tract:—

Adjoining the land of W. W. Drew, the Schulken Tract, and lying on the north side of Town Creek and the west side of Beaver Dam, and near Meadow House Branch, containing 544 acres, and described in a deed from Mary J. Duncan to Sarah H. Potter, and others, of date April 25, 1905, and recorded in Book WW, page 481.

10th Tract:—

A tract adjoining the land of Joseph Skipper and lying on the north side of Town Creek and on both sides of Beaver Dam Swamp, containing 128 acres, and being described in a deed from Mary J. Duncan to Saran H. Potter, April 25th, 1905, recorded in Book WW, page 478.

11th Tract:—

A Tract of land known as the Potter Homestead Tract, containing 108 acres, and described in a deed from Mary J. Duncan to Sarah H. Potter, dated April 25, 1905, and recorded in Book WW, page 478.

12th Tract:—

The Biggs Tract, located at Brunswick Station, on the Wilmington, Brunswick and Southern Railroad, and containing 120 acres.

Terms of Sale:—

Each Tract will be offered separately and then the entire land offered in bulk, and the bids will be accepted which net the largest total amount for the entire lot. Bidders will be required to deposit ten per cent of their entire bid, as a guarantee of good faith, and when deeds are delivered one-third of the purchase money must be paid in cash and the other two-thirds in six and twelve months, with interest from date secured by a mortgage on the property.

OSCAR PEARSALL,
Secretary and Treasurer Town Creek Railroad and Lumber Co.

This 20th day of August, A. D. 1915.

ALL COTTON IMPORTED RAW TO BE FUMIGATED

As a Safeguard Against Entry of Pink Boll Worm.

Important Announcement Made by Department of Agriculture—Fumigation to be Done at Port of Entry—Sure Method.

(Special Star Telegram.)

Washington, D. C., Sept. 14.—An important announcement was made by the Department of Agriculture tonight, when it was stated that after February 1 all imports of raw cotton must be fumigated at the port of entry before it can be released by the customs officials.

The purpose of this is to make certain that the pink boll worm, found in Egyptian and other imported cotton, and other destructive cotton insects found abroad shall not be introduced into American cotton fields. The danger from the pink boll worm is especially great, as this insect may infest seed left accidentally in the bale through faulty ginning. If this seed should become mixed with seed used for planting or be planted accidentally near growing cotton, the pink boll worm might get a foothold and cause the great damage in this country that it does in foreign cotton fields.

Fumigation is required after a thorough study and after hearings on the subject by the department, which establish clearly that hydrocyanic acid gas, properly used, will kill all insects in the bale without damaging the quality of the cotton. The department has worked out a method whereby whole bales can be fumigated in a vacuum tank quickly and without danger to the operators.

The requirement of fumigation will be in addition to the previous regulation still in force, which requires that all mills using foreign cotton screen their buildings completely and burn all seed found in the foreign bales.

P. R. A.

REPEAT WARNINGS TO AMERICANS IN MEXICO

(Continued From Page One.)

litical developments, pointing out that no decision as to the American government's policy on recognition of a government in Mexico had been reached.

Some of the Villa leaders, Roque Gonzales Garza, Diaz Lombardo and General Angeles, are understood to be coming to Washington soon to set forth the viewpoint of their faction on Carranza's appeal for recognition.

MEXICANS ESCAPE; FOUND DEAD.

Border Patrol Tightened and Precautions Taken at Brownsville.

Brownsville, Texas, Sept. 14.—Three of the six Mexicans taken as suspects after the Los Indies fight yesterday, escaped from the Sanbito jail today and later were found dead some distance from town with bullet holes in their backs.

The jail is a loosely constructed wooden building.

No statement was obtained from San Benita officials as to how the Mexicans escaped, but it was said Mexicans living in the vicinity may have aided them.

Two dozen armed Brownsville citizens slept tonight in the county building here and others were posted at convenient points in the city as a precaution against disorders in connection with celebration by Mexicans of their national independence, which is September 16, but which usually begins to rise into boisterousness in this section about September 15. Generally throughout the valley similar precautions were taken. The United States army also tightened its patrol on the border.

TEUTONIC DRIVE GOES UNCHECKED

(Continued From Page One.)

from the front of the Sereth river. In the region of Juzephowka and Dzwiniacz we captured over 2,700 soldiers and 35 officers and four machine guns.

"From the 30th of August to September 12 the number of Austro-German prisoners taken by us has exceeded 40,000."

BERLIN OFFICIAL REPORT

Claims von Hindenburg Has Made Further Progress.

Berlin, Sept. 14.—Today's official statement says Von Hindenburg has made further progress northeast of Vilna, capturing 5,200 prisoners, 13 machne guns and much other booty. Advances also are claimed for Prince Leopold on the center of the Russian line and Von Mackensen further south. The situation in the southeast is described as unchanged.

Lively artillery actions continue on the Western front, the report says, while Trier (Treves, Rhennish Prussia) Moerchingen (in Lorraine), Chateau Salins (in Lorraine), and Donaueschingen (in Baden) were bombarded by enemy aviators.

BETWEEN NICH AND GEORGE.

Emperor and King Exchange Communications on Russian Situation.

London, Sept. 14.—Reuter's Petrograd correspondent quotes the following telegram sent by Emperor Nicholas to King George:

"In this serious time which my country is going through, I have decided to take the leadership of my armies in my own hands. In announcing to you this fact, I once more express my conviction that with God's help and through the combined efforts of the Allies their final victory will crown this bloody war."

King George replied:

"I am delighted to hear that you have assumed command of your armies in the field. I heartily share your convictions that, with the help of God, you and your brave troops with those of the Allies, will finally secure victory with an honorable lasting peace. My thoughts will be more than ever with you in these anxious times."

St. Johns, N. B., September 14. — A censorship on all mail matter addressed to newspapers in Canada or to members of their staffs has been imposed by the Post Office Department. The order is understood to have resulted from attempts to send pro-German writings to papers in Western Canada.

WAS ALMOST READY TO SEVER ALL DIPLOMATIC RELATIONS WITH BERLIN

(Continued From Page One.)

which German submarines usually operate, and as no one on board saw a submarine or a torpedo, officials had not expected an issue to develop over the case. Up to a late hour tonight the note had not reached the State Department.

HESPERIAN NOTE IS IN GERARD'S HANDS

(Continued From Page One.)

the question of reparation to The Hague, and that the difficulties with the United States over the submarine question, if they still exist, may be eliminated by reason of the instructions issued to submarine commanders, which are in clear, well-defined form.

It is pointed out in Berlin that if these instructions are interpreted and considered in connection with the changes which have taken place here and the new spirit prevailing in the quarter most directly interested, they are adequate to meet the demands of the United States.

It is understood that only one submarine which was engaged in commerce raiding on September 4th, the date of the Hesperian incident, is still out. This boat was operating, according to the statement made here, in a different section of the ocean.

SWISS IMPORTATION BUREAU.

Anglo-French Answer Opens Way to a Solution of Problem.

Berne, Switzerland, September 14.—Via Paris.—The French ambassador and the British and Italian ministers have delivered to the Swiss government the answer of the governments concerning the proposed organization of a Swiss importation bureau. The answer opens the way to a satisfactory solution of the whole question. The government shortly will present a detailed report on the subject to the Federal council.

A dispatch from Geneva, August 12, said the chief obstacle to organization of a bureau to control imports in Switzerland lay in the demands of Austria and Germany that in return for their products exported to Switzerland they be allowed to import from Switzerland certain articles originating in the Allied countries. This proposal was opposed by the representatives of the Allies.

BASEBALL POOL CASE.

Grand Jury Completes Hearing of Testimony Against Promoters.

Philadelphia, Sept. 14.—The Federal grand jury today completed its hearing of testimony against the alleged promoters of a baseball pool, ramifications of which, according to postal inspectors, extend to nearly all the principal cities of the country. The finding of the jury probably will be presented in court tomorrow.

The pool was alleged to have been operated by John J. Kilcoyne and John C. Walsh, in connection with the Keely World, a Wilkesbarre publication. About 100 alleged agents are under bail awaiting grand jury action.

Paris, Sept. 14.—A new insurrectionary movement has broken out now in Lisbon, but in the principal provincial cities of Portugal, says a Madrid dispatch to the Journal.

PRO-GERMAN BANKS MAY BE INVITED TO TAKE PART IN LOAN

(Continued From Page One.)

as a billion dollars. Such a drain on the country's financial resources, they assert, would not only be unnecessary, but would constitute a menace to American moneyed interests.

These pro-German bankers declined to discuss the attitude of the average German-American depositor toward any institution participating in the loan, but they pointed out that German sympathizers constitute a very considerable part of the bank patronage in some of the larger cities, and that not a few are to be found among the officials of such institutions.

Sentiment Sharply Divided.

The hopes of the anti-British loan contingent were not buoyed, however, by a statement made on behalf of the National City Bank, the largest in America, with 2,500 correspondent banks, throughout the country. Not a single correspondent, it was said, had registered a protest against the institution's participation in the loan; on the contrary, there was genuine, country-wide interest in the proposal, and many requests for details had been received.

On the other hand, two other big New York banks, whose officers are prominently identified with the New York Clearing House, said they had received many protests. In fact, even members of the commission, it developed today, have received a number of protesting letters, some insulting, some threatening, but none considered alarming.

The commission feels, according to Blackett, that there was no occasion for surprise at the report, that there would be no collateral offered for the big loans.

GOVERNMENT HANDS OFF.

Will Neither Approve Nor Disapprove Anglo-French Loan.

Washington, Sept. 14.—From high official quarters it was learned today that the United States government neither would approve nor disaprove the loan which is to be negotiated by representatives of the European Allies in this country. The loan is regarded by officials purely as a commercial credit, not differing from other commercial transactions in war supplies which are permitted under domestic and international law.

MORE BRITISH GOLD COMING.

Shipment From Australian Bankers to Arrive Today.

San Francisco, Sept. 14.—More British gold, nearly five and one-half millions of dollars in sovereigns, is due to arrive here tomorrow on the Oceanic liner Sonoma from Australian bankers. Banks here to which it is consigned will send it directly to the mint for re-coinage.

Including tomorrow's shipment, the total of British gold received here from Australia and New Zealand since June 30 approximates $20,000,000.

BLAIR LEE DEFEATED

For Governor of Maryland—Harrington Wins Nomination

Baltimore, Sept. 14.—Incomplete returns late tonight from today's Maryland primary election indicated that United States Senator Blair Lee has lost the Democratic gubernational nomination to State Comptroler Emerson C. Harrington, of Dorchester county.

SOCIETY WOMAN HELD FOR HUSBAND'S MURDER.

Mrs. C. Franklin Mohr, a Providence society woman, is the central figure in one of the most remarkable murder cases the country has known. She is now in jail in Rhode Island on the charge of having promised three negroes $5,000 to murder her wealthy husband and his secretary, Miss Emily G. Burger. Doctor Mohr was shot to death Tuesday night, August 31, while on his way with Miss Burger in an automobile from Providence to his Newport home. He was killed and Miss Burger was dangerously wounded. The negroes, one the chaffeur who was driving the pair, have confessed and accused Mrs. Mohr.

This letter to George Rooke, brother-in-law of Miss Burger, said to have been written by Mrs. Mohr, has been discovered:

"Dear Mr. Rooke—Just a line to ask you to tell your sister if she dares to go into my Newport home she will never come out alive. I am giving her fair warning no matter what the outcome may be. I willl see it through. I was told about her buying linen at Gladding's (a Providence department store) for Dr. Mohr.

"I do hope you will try and straighten this matter out, and I know you cannot stop her going out to dinner with him. But she will have a sad ending if she keeps on against me.

"My home is being watched and if I should leave Newport this summer my home will be watched just the same, and should I get word I shall come right on. The world is with me in my sorrow. I am heartbroken."

torneys who have reported alleged unneutral acts. There can be no prosecution against members of the diplomatic corps, but consuls and other agents are subject to the neutrality statutes.

TO ASSASSINATE TAMMANY LEADER AND CONGRESSMAN

Evidence of Plot to be Presented to Grand Jury

New York, Sept. 14.—An indictment charging a man described as an East-side political leader with instigating the murder last March of Michael Glamari, a lieutenant of Thomas F. Foley, a Tammany leader, was handed down today by the grand jury. His name was withheld pending his arrest.

It became known that the district attorney would place before the jury tomorrow evidence that there had been a plot to assassinate Foley himself as well as Representative Daniel J. Riordan three years ago. They were to be killed in the downtown Tammany Club, it was said, but the man selected to shoot them was frightened away.

Business Locals

Advertisements inserted under this head, one cent per word for each insertion, but no advertisement taken for less than 25c. Additional words more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge a Western Union messenger to any address in the city, for advertisements in this department, upon request by 'phone to No. 51. Messengers will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, or advertisements for the Star, but a small charge for Strictly Messenger Service. Telephone subscribers may at any time telephone their telegrams and bills will be rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union," but for advertisements always call the Star office, No. 51. Advertisements cannot be taken over the telephone—but upon request messenger will be dispatched to any part of the city for them. Contract advertising inserted "till forbid" will be discontinued only on written notice from the advertiser.
